

SIR HENRI JOLY DIES AT QUEBEC

MERITORIOUS CAREER
IN POLITICS OF CANADA

Well Known Here During Term
as Lieutenant-Governor
of B. C.

(Special to the Times).
Quebec, Nov. 16.—Sir Henri Joly de
Lotbiniere died here this morning.

His Career.
Sir Henri Joly de Lotbiniere, K. C.,
M. G., K. C., D. C. L., LL. D., was the
son of the late Gaspard Pierre Gustave
Joly, a Huguenot native of France. He
was born in France on December 25th,
1829, and was thus 78 years old at his
demise. Receiving his education in
France he came to Canada about the
middle of last century, and in 1855
was called to the Quebec bar. In 1861
he became a Q. C. In 1861 he was elected
to the Canadian assembly, representing
Lotbiniere. He first really came
largely into public attention by the
prominent part which he took in the
debates on Confederation; his views
coinciding with those of Doherty, Hol-
ton, Huntington and other Liberal
leaders.

In the first election to the House of
Commons in 1867 he was returned by
acclamation for Lotbiniere, and he
also represented the same place in the
Quebec assembly. He remained a member
of both these bodies until 1874, at
which time, when the dual representa-
tion was abolished, he remained in the
local legislature. Here he led the op-
position until March, 1878, when Lieut-
Governor Letellier dismissed his min-
isters and called on Mr. Joly to form

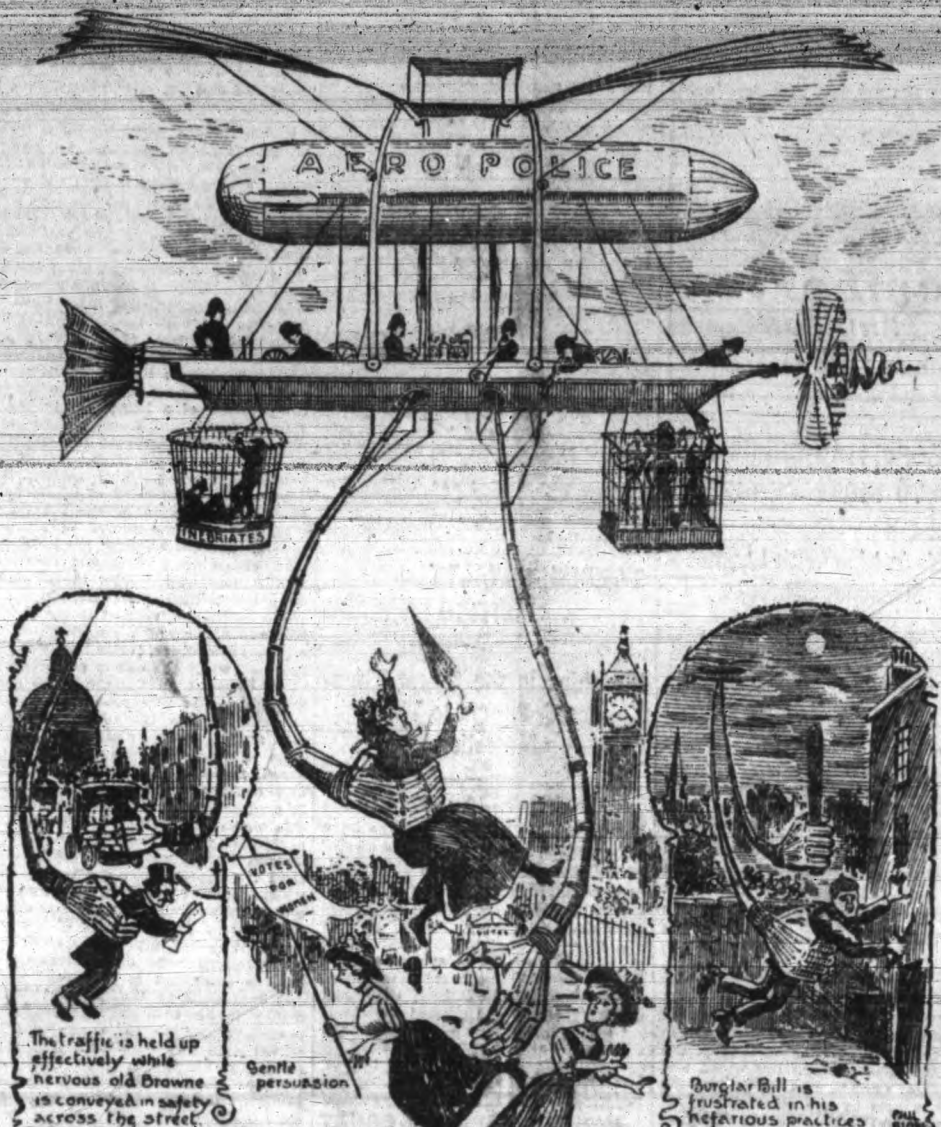

GERMANY GAVE AID TO DESERTERS

TROUBLE WHICH MIGHT
HAVE LED TO WAR

Casa Blanca Incident Ex-
plained in Report of French
Police Commissioner.

Paris, Nov. 15.—The report of M.
Dorde, the French police commissioner
at Casa Blanca on the difficulty be-
tween France and German local au-
thorities over the desertion from the
foreign legion of the French army of a
number of alleged German subjects,
has been referred to the Hague tribunal
for settlement, but before it was thus
disposed of it threatened to cause seri-
ous complications between France and
Germany.

The report of M. Dorde is said to
have induced Germany to withdraw
from the position she adopted in the
beginning of the controversy. It con-
sists of two parts: The first proves the
establishment in February of 1908 of a
regular desertion agency at Casa
Blanca by a German named Sevan. The
second part sets forth that six des-
erters from the foreign legion, who
had taken refuge in a German house
in Casa Blanca, were given disguises
and passports by M. Luderitz, the Ger-
man consul, and were conducted to the
shore of the bay by M. Just, the chan-
cellor of the German consulate, and the
consular dragoman. As they were em-
barking in a small boat some French
sailors recognized the men as deserters
and started to make trouble. M. Just
flew into a rage and struck a French
ensign, the report continues. He finally
cooled down, however, when the officer
drew a revolver.

THE AERIAL POLICE FORCE.

BRITAIN SATISFIED WITH SETTLEMENT

London, Nov. 15.—Hon. R.
Lemieux has had a long inter-
view regarding the Japanese
question with Sir Edward Grey,
the British foreign secretary,
who expressed the satisfaction
of the imperial authorities at
the way in which Canada had
handled the matter.

BERLIN MAY BE MEETING PLACE

EMPEROR EXPECTED
TO ARRIVE AT POTSDAM

Portion of German Press Ad-
opts Prematurely Opti-
mistic Tone.

Berlin, Nov. 15.—Emperor William is
due to arrive at Potsdam to-morrow
morning at 8 o'clock. He will have an
audience with Chancellor Von Bulow
during the day, but the hour of this
meeting has not yet been fixed. Neither
is it known whether the meeting will
occur at Potsdam or in Berlin. These
points will be decided by His Majesty
after his arrival.

It is pointed out to-day in well-in-
formed quarters that some of the news-
papers of Germany have adopted a
prematurely optimistic tone regarding
the outcome of this meeting. However,
officials are hopeful that the situation
will be cleared up.

FRUIT COMPANY TO DO BUSINESS IN B. C.

(Special to the Times).
London, Nov. 15.—The Belgo-
Canadian Fruit Lands Company
has been formed at Antwerp
with a capital of 1,500,000 francs
to do business in British Colum-
bia.

TURCO-PERSIAN UNION IS FEARED

ABDUL HAMID MAKING
FORMAL OVERTURES

Sublime Porte Envoys Wel-
comed by Nationalists—
Shah's Authority Ignored.

St. Petersburg, Nov. 15.—The Novoye
Vremya publishes a special dispatch
from Tabriz, Persia, saying that Turkey
has opened formal negotiations with
the Persian Nationalist organization in
Azerbaijan province. A commission of
Turkish envoys, duly accredited, has
arrived at Tabriz and have been given
an imposing welcome. Abdul Hamid,
through the Turkish consul at Tabriz,
has presented Satar Khan with a
Turkish order.

Fears are expressed here, the corres-
pondent says, that the Nationalists will
accept and declare a union with Tur-
key.

JAPAN HOLDING GREAT NAVAL REVIEW

Thirty Battleships and Many
Torpedo Boats Salute
Mikado at Kobe.

Kobe, Nov. 15.—Preliminary to the
great naval review, 30 battleships and
many torpedo boats are in position off
this port. The assembled fleet simulta-
neously saluted the Emperor's train
when it arrived yesterday from Tokyo.
Hundreds of people awaited the train,
but it did not stop at Kobe, owing to
the reported presence of the plague.
The Emperor went on to Mako, caus-
ing much disappointment here.

SASKATCHEWAN BY-ELECTIONS.

(Special to the Times).
Regina, Sask., Nov. 15.—The by-
elections in Humboldt and Salt Coats took
place on December 7th. Hon. J. A.
Caldwell will run in the latter, and Hon.
W. K. Motherwell in the former.

TWO MEMBERS OF DYNASTY DEAD

PASSING OF KWANG-SU
AND DOWAGER EMPRESS

Three-year-old Pu Wei is
Placed on Throne of Cele-
stial Empire.

Peking, Nov. 15.—Kwang-su, Emperor,
and Tse Hai An, Dowager Empress,
are both dead. It is believed they died
several hours before the time men-
tioned in the official announcement at
2 o'clock yesterday afternoon. Mourning
has been ordered for a hundred
days.

According to the imperial edict on
Friday, Pu Wei, the three-year-old son
of Prince Chun has been placed on the
throne and the latter is declared re-
gent.

Prompt measures have been taken by
the distribution of troops in the strag-
gled points of the city to prevent riots,
and all is quiet. Except in the troublous
south, no anti-foreign riots are ap-
prehended, although the legations are
surrounded by special guards as a pre-
cautionary measure.

It is believed the choice of Prince
Chun as regent is a fortunate one. He
is progressive and of modern ideas,
and it is believed he will be able to
reconstruct most of the antagonistic
elements of the Empire.

The New Emperor.
Peking, Nov. 15.—Following the publi-
cation yesterday of the late Emperor,
Kwang-su's "Valedictory," recom-
mending the reference of important
affairs to the Empress Dowager, who
is now dead, another edict was issued
at 1 o'clock this morning giving the
late Dowager's "Valedictory," com-
mending the new dowager Yehona to
the confidence of the young Emperor's
regent. The new Emperor's installa-
tion on the throne and the naming of
the Era will take place. It is expected
on the Chinese New Year, (January
21st).

At 3 o'clock this afternoon a con-
ference of diplomats was held to dis-
cuss the proper steps for the recogni-
tion of the new government.

Passing of Kwang-Su.

London, Nov. 15.—The Times' Peking
correspondent says:
"There are countless rumors con-
cerning the nature of the Emperor's
illness and the manner of his death.
No scientific opinion could be obtained,
but the general description of the
symptoms indicated a severe nervous
affection in which complications arose
that caused death."

"The palace officials, according to the
correspondent, state that the Emperor
declined to allow himself to be re-
moved to the 'Pavilion of Peaceful
Longevity,' thus violating precedent,
and he eventually expired without
donning the robes proper to the occa-
sion in which he was confined after the
coup d'etat of 1888. His relations with
the Dowager Empress remained strain-
ed to the last."

"As the Dowager's decree, issued late
on Saturday night, appointing the new
emperor, indicates no impairment of
her vitality, her unexpected death ex-
cites suspicion of foul play. There are
rumors of disorder in the palace and
its precincts. All accounts agree that
the new Dowager Empress is a com-
plete nonentity, but the new regent's
mother-in-law is a woman of strong
character, and is certain to exercise an
important influence in the new regime."

STEPNEY APPOINTED ARCHBISHOP OF YORK

High Promotion for Dr. Lang,
Who Refused See of
Montreal.

London, Nov. 15.—The Right Rev.
Cosmo Gordon Lang, bishop of
Stepney, who a few days ago declined
the bishopric of Montreal, has been
appointed archbishop of York. The
new archbishop was born in 1863. He
was honorary chaplain to Queen Vic-
toria, and has been bishop of Stepney
since 1901. He is closely identified with
Oxford university.

IMPOSING CEREMONY AT POPE'S JUBILEE

Seventy Thousand of Faithful
Gather in Rome—Pontifical
Mass Celebrated.

Rome, Nov. 15.—A pontifical mass
was celebrated this morning at St.
Peter's by the Pope on the occasion of
the fiftieth anniversary of his joining
the priesthood. It was the most im-
posing ceremony witnessed in Rome
since the coronation of the Pontiff.
There were present not less than 70,000
of the faithful who had come to Rome
from all parts of the world.
Following out the democratic ideas
of the Holy Father, tribunes had been
erected only for his sisters, the mem-
bers of the royal family, the diplomatic
corps and the special missions sent by
the heads of the states.

CANDIDATES ARE APPEARING

PROBABLE OPPONENTS
OF PRESENT MAYOR

J. L. Beckwith's Name Comes
Up—Aldermanic Possi-
bilities at Election.

While there yet remains some time
before the municipal elections will be
upon the citizens, names are being
freely used as probable candidates.
Mayor Hall, some time ago announced
that he would be a candidate for next
year, hoping to have a second term in
which to wind up business originated
the year previous.

Ex-Mayor Morley has generally been
regarded as a likely candidate again,
but so far has made no announcement.
He says his mind is made up as to the
course he will take, but he is not pre-
pared yet to say what his course will
be. In the future of time, therefore,
an announcement may be looked for
from Mr. Morley.

Another name mentioned in the roll
of probable candidates for the mayor-
alty is J. L. Beckwith. He likewise is
not prepared to make an announce-
ment. He says many have asked him
to run, but it is too early yet to say
what he will do.

In the matter of aldermen it is fully
expected several now in the council
will again run. Ald. Pauline and Ald.
Cameron, who only ran last year after
strong pressure, will not likely be can-
didates again. They are opposed
strongly to running. Ald. Hall is also
inclined to again enter the contest.
Already new names are being offered,
and among them are the names of
George W. Dean in No. 2 ward and W.
Olliphant in No. 5. These men are being
prompted to stand, and it is said by their
friends that they are strongly hopeful
of inducing them to run.

MORRIS HAAS' CAREER OF CRIME IS ENDED

Man Who Tried to Assassinate
F. J. Heney Commits
Suicide.

San Francisco, Nov. 15.—Morris
Haas, who shot Francis J. Heney on
Friday, committed suicide at the county
jail by shooting himself through the
head on Saturday evening. One report
says that the pistol with which he shot
himself was concealed in a shoe, where
he hid it before shooting Mr. Heney.
Another report says the pistol was
secretly passed to him by a friend since
his incarceration.

The five surgeons attending Francis
J. Heney, after consultation, stated
that Mr. Heney was resting easily, and
that his pulse, temperature and respira-
tion were practically normal.

The bullet was located in the mus-
cles of the lower maxillary. The bone
was not shattered, and the doctors say
they will perform an operation to re-
move the piece of lead to-morrow.
A monster mass meeting was held
here on Saturday night, in which a
great multitude participated. The meet-
ing was presided over by Mayor Taylor
and speeches were made by a number
of leading citizens counselling modera-
tion and the observance of legal me-
thods, and asked that full support be
given the prosecution in its conduct of
the graft cases.

BRAZIL HAS NOT HOSTILE INTENTIONS

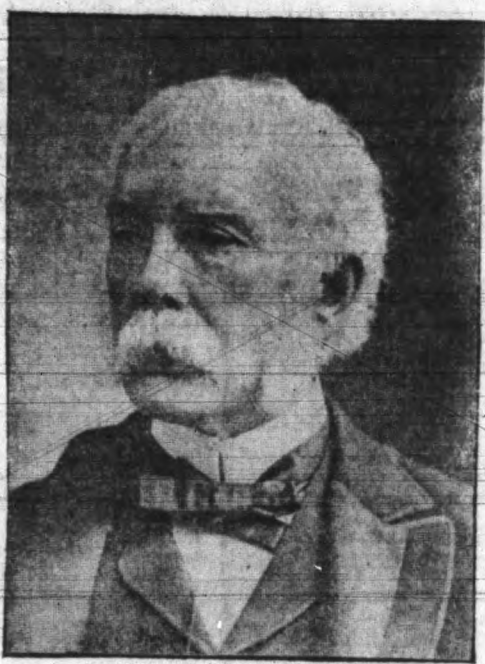

The Argentine, Under False Im-
pression, Votes for Heavy
Armaments.

London, Nov. 15.—A special dispatch
received here from Rio de Janeiro says
that the Brazilian government has pre-
sented to the Argentine government
proof that the telegram from its Foreign
Minister to the Brazilian Minister
to Chile, which influenced parliament
to pass a vote for heavy armaments
was misrepresented. This telegram fell
into the hands of the Foreign Minister
of the Argentine, who gave it to a cer-
tain individual to decipher. This per-
son interpreted the telegram as con-
taining instructions hostile to the Ar-
gentine. The communication was pre-
sented to parliament at a secret ses-
sion.

As a matter of fact, a true version of
the message was published in the of-
ficial journal, and it expresses senti-
ments friendly to Argentine. The ver-
sion of this telegram presented to par-
liament instructed the Minister to dis-
suade Bolivia and Peru from siding
with the Argentine and to induce the
press to oppose the Argentine's increas-
ed armament.

CANDIDATE OFFERED BRIBE.

(Special to the Times).
Gilbert Plains, Man., Nov. 15.—Archde-
Cunningham, the Liberal candidate in the
local by-election to be held here to-
morrow, made an affidavit on Sunday
that Glen Campbell, M. P. elect, and
W. J. Rawson, proprietor of the Queens
Hotel, had offered him thousand dol-
lars to abandon the fight.

THE LATE SIR HENRI JOLY DE LOTBINIERE.

a government. He resigned the pre-
miership in 1879 and again acted as
leader of the opposition until 1883. He
retained his seat until two years later,
when he resigned in consequence of the
Riel agitation, of which he disapproved.
His next re-appearance in political
life was his attendance at the Domi-
nion Liberal convention at Ottawa
in 1892 and at this he was vice chair-
man. He stood for Pontneuf at the
general election in 1896 and was re-
turned. On July 18th of the same year
he became a member of the new
Laurier administration as Controller
of Inland Revenue. He was sworn to
the Queen's Privy Council of Canada
the following year and at the same
time called to the cabinet as minister
of inland revenue. In May, 1899, he
was made a Knight-Commander of the
Order of St. Michael and St. George.
The following year he was entrusted
with the diplomatic mission of con-
ducting La Hogue, Viceroy of
China, through Canada. In recognition
of this service he was made a member
of the Imperial Order of the Double
Dragon. In 1900 he was appointed
Lieutenant-Governor of British Colum-
bia, which post he held during the
full term of five years, being suc-
ceeded by the Hon. James Dunsmuir.

The late Sir Joly took an active in-
terest in Forestry and as far back as
1886 was elected vice-president of the
American Forestry Congress at Boston.
He is the author of much valuable lit-
erature on the subject. He had at one
time or another been a member of the
council of agriculture in the province
of Quebec and of various other agricul-
tural and fruit growing associations.
He also was vice-president of the Im-
perial Federation League in Canada.
In 1888 he was authorized by the leg-
islature to add his mother's name, de
Lotbiniere, to that of Joly.

BELL HARDY RESIGNS.

(Special to the Times).
Winnipeg, Man., Nov. 15.—On the de-
mand of the executive of the Canadian
Pacific Mechanic Union, Bell Hardy,
chairman, resigned on Saturday night
owing to the dissatisfaction of the mem-
bers over the settlement of the strike
a few weeks ago.

KITCHENER TO STUDY U. S. MILITARY METHODS

Famous English General to
Travel Homeward via San
Francisco.

London, Nov. 15.—The United States
will next year receive a visit from Gen.
Lord Kitchener when he leaves India
to make a tour around the world. The
famous warrior is very anxious to be-
come acquainted with American mili-
tary methods, and will travel very
slowly through the country, visiting as
many posts as possible, and will wind
up with a visit to the military acad-
emy at West Point.

On his way from India to San Fran-
cisco Lord Kitchener will visit Japan,
where he will spend some time study-
ing the customs and particularly the
military system.

VESSELS POUNDING TO PIECES ON LAKE ERIE

Stranded Steamer and Barge
Are Out of Reach of
Assistance.

Detroit, Mich., Nov. 15.—A lumber
steamer and barge, believed to be the
F. A. Buell and Stewart of Tonawanda
were reported to be pounding on the
rocks early to-day at Southeast Shoal,
Lake Erie. Both vessels were flying
signals of distress. It is believed here
that the crews will have no difficulty
reaching the shore if the vessels are
broken up.

A heavy sea is running in the lake,
and passing vessels have been unable
to send assistance to the stranded
boats.

SERVIA'S ACTIONS AROUSE ANGER IN AUSTRIA

Dual Monarchy May Take De-
cisive Steps if Provoca-
tions Continue.

Belgrade, Servia, Nov. 15.—Hostility
to Austria-Hungary is spreading
among the population of Bosnia and
Herzegovina and in several districts
the outbreak of guerrilla warfare is
threatened. By order of the Austrian
authorities a number of prominent
servants are being confined to their
homes. The garrison at Trebinje has
been re-inforced by 10,000 men and pre-
parations for its defence are being
made on the frontier. Incursions of
Montenegro troops into Bosnia and
Herzegovina are expected. The Aus-
trians are reported to have mined all
the passes as well as the water springs
that men coming from Montenegro are
likely to traverse.

Austria May Act.

Vienna, Nov. 15.—The possibility of
trouble between Austria-Hungary and
Servia has not yet been eliminated. A
brief official statement issued here to-
day says that the Austria-Hungarian
government will be compelled to take
decisive steps if the Servian provoca-
tions do not cease. The dignity of the
Dual Monarchy forbids it to longer
tolerate Servia's actions.

A final decision as to the course of
the government will be reached in a
few days.

DISGRACE TO TORONTO.

Girls Subjected to Indignities While
Collecting Money on Streets.

(Special to the Times).
Toronto, Ont., Nov. 15.—Tag Day in
aid of the Y. W. C. Guild on Saturday
realized only \$2,733.50, far less than
was expected. The girls are dread-
fully disappointed at the results of the
work. Many were subjected to indi-
gnities and declare they never again
will take part in such a campaign.

THREE KILLED BY TRAIN.

Man, Wife and Daughter Are Victims
While Driving Home From

(Special to the Times).
London, Ont., Nov. 15.—David
Longmire, his wife and daughter were
killed yesterday afternoon by a Grand
Trunk train at Kings Court, while
driving home from church.

ADDED TO STORE.
W. B. Wilkerson Has Enlarged His Jewellery Establishment.

W. B. Wilkerson has made important improvements in and additions to his store on Government street, and now boasts one of the finest jewellery establishments in the city. The store has been enlarged and re-fitted throughout and presents a very pleasing appearance now. Handsome new show cases have been put in. These are of mahogany and bevelled plate glass, and the stock is lighted up by concealed electric lights. Plate glass shelves are used for carrying the stock in the windows and in the show cases. The store is brilliantly illuminated by the use of the new Panatone lamps, which make the entire interior as bright as noon-day and displays the large stock carried to fine effect.

A factory for the manufacture of all kinds of jewellery has been added by Mr. Wilkerson to meet the demands of his business. For the convenience of lady customers a cosy corner has been arranged, where they can wait for their car, and a telephone has been installed for their use. Mr. Wilkerson is already finding the large expenditure he has made bringing him in a return in greatly increased business.

A mass meeting of the young people of the Methodist churches of the city will be held this evening at 8 o'clock in the lecture room of the Metropolitan church. W. J. Shortt will deliver the address of the evening and Miss Lillian Blackway, a contralto soloist, who arrived recently from Winnipeg, will sing. There will also be other interesting features. During the evening, large numbers of young people from the Methodist churches are expected to attend.

METROPOLITAN CHURCH TO INCREASE GIVINGS

It Falls in Line With Laymen's Missionary Movement.

The Metropolitan Methodist church has now by resolution among its members fallen into line with the other church bodies of Victoria on the Laymen's Missionary Movement, and decided to pledge its members to an annual subscription of \$5 per member, and thus guarantee the annual payment of \$5,000 per annum to the fund for the evangelization of the world, the work for which the recent movement was started. The Metropolitan church previously gave to the missionary fund the sum of \$2,000 per annum, but will hereafter increase the amount of their contribution by \$1,000.

The extent of the movement and the numbers that are taking their share in the work is increasing each week, not only here but through the width and breadth of Canada as the result of the meetings held by the movement in all the cities, and of the speeches delivered on the subject. One hundred and twenty men assembled to discuss the question at the Metropolitan church and partake of the preliminary banquet. There were several speakers, among whom were R. G. Howell, R. S. Day, J. L. Beckwith, A. L. Brack, T. T. Langlois (Vancouver) and Rev. George Deane, who occupied the chair. The speakers preceded an open discussion among the church members, and the resolution that the members of the Metropolitan church fall in line with the Laymen's Missionary Movement and pledge \$5 per member towards the fund was offered by T. H. Baker, seconded by Arthur Lee, and carried unanimously. Mr. Day in an address said the Methodist church had from the time of its inception been of the missionary order. In support of the fact he recalled and afterwards read passages from the journal of John Wesley, which bore out his statement.

Mr. Beckwith dealt with the home missionary side of the question in an interesting address, and Mr. Howell dwelt at length on the power of money, and worked out the thought that money representing each person returned to the spender results exactly in keeping with the manner in which the money had been spent. A. J. Brace outlined the missionary movement on the charts as put before the convention here by J. Campbell White, explaining how the propaganda could be worked out in twenty-five years with the contributions of one per head to extend over that period.

The discussion which followed was entirely in sympathy with the movement, and several interesting speakers were heard on the subject. The banquet was provided by the Ladies' Auxiliary of the Metropolitan church.

TO SAVE LIFE CUTS WIRE.

Alaska Traveller Severs Telegraph Line to Attract Attention.

Washington, D. C., Nov. 15.—This is an unusual occurrence; and for which the offender should not be punished, because he was simply fighting to save his own life.

This was the recommendation made by First Lieut. Charles L. Willard, U. S. A., in charge of the fourth section of the Alaska military telegraph line, in reporting a break of the line to Brig.-Gen. James Allen, chief signal officer of the army.

The break in the line occurred one afternoon between Old Woman and Callag, a district described as the most bleak of all Alaska. The break was found the following day at twenty minutes past two o'clock, and at that point lay a traveller, following the portage trail. He was without food, partially paralysed and unable to go further. With his remaining strength he cut the telegraph line, knowing that it would immediately bring the repair men and save his life.

The traveller's name was not given in the official report. The tragedy of the official report touched the heart of the chief signal officer.

MIDNIGHT MURDER NEAR PAYNTON, SASK.

Frenchman, Aroused From Bed, Kills Employee Who Attacks Him.

Paynton, Sask., Nov. 15.—A French Canadian was killed here shortly after midnight last night by Amedee Terreault, both Frenchmen, the latter arriving with his wife recently from Bridgeport, Neb. Nadon was in Terreault's employ and returning at midnight, finally got in and went directly to the bed on which Terreault was lying and drawing a knife cut him across the fingers. Terreault then got out of bed and struck Nadon over the head with some dishes. He then secured a knife which Nadon had and stabbed him above the heart.

Two men, William Carlie and Auguste Roy, who were on the premises at the time, dragged Nadon to a wood pile near the house and summoned medical aid, but he died in two hours. Constable McVitie, of Paynton, and Cavill, of Lashburn, arrested Terreault, Carlie and Roy in connection with the affair.

SWEDISH ROYALTY VISITING ENGLAND

Warships in the Solent Thunder Greetings to Their Majesties.

Portsmouth, Eng., Nov. 15.—The King and Queen of Sweden, who have come to England as the guests of King Edward, landed here this afternoon and shortly afterwards boarded a train for Windsor. Full naval honors were accorded their majesties, and the imposing fleet of 28 warships assembled in the Solent fired a royal salute, while the Prince of Wales boarded the royal yacht Victoria and Albert, on which the King and Queen crossed the channel from Cherbourg, and welcomed the visitors on behalf of King Edward.

SHOOTS CLERK DEAD, WOUNDS JUDGE IN COURT

Litigant Turns Assassin When Judgment Goes Against Him.

Leipzig, Nov. 15.—A defeated litigant in the supreme civil tribunal of Leipzig to-day drew a revolver and opened fire on Herr Maenner, the presiding judge, and the court clerk. The clerk was shot dead and the judge dangerously wounded.

The assassin, a man named Gresser, succeeded in firing ten shots before he was overpowered. Gresser was slain in a suit concerning the validity of a will and decision of Judge Maenner was in favor of the defence. As soon as Gresser heard the ruling he drew a revolver and began firing.

WANT U. S. ENVOYS KEPT OUT OF BRITAIN

Reference to "Agitators" Before Imperial House Arouses John Redmond's Wrath.

London, Nov. 15.—The approaching visit to England of Patrick Ford, editor of the Irish World, of New York, and O. Meagher Condon was the occasion of an extraordinary attack in the House of Commons this afternoon. James Craig, Unionist member from the eastern division of Down (Ireland), opened the fight by asking Premier Asquith if he was aware that Mr. Ford, who had been declared by the judges to be a known advocate of the use of dynamite, and Mr. Condon, who had been sentenced to death for the murder of a British policeman, intended visiting England. Mr. Craig asked also whether their licenses permitted them to do so, and if not what action the executive proposed to take.

Earl Winterton, Conservative, followed this up with a reference to the finding of the Parnell commission by asking whether "any steps had been taken to prevent these well known agitators from coming to this country." Home Secretary Gladstone answered Earl Winterton in these words: "I am not aware of intentions of these persons. Neither of them is the holder of a license."

John Redmond immediately jumped to his feet and hotly appealed to the Speaker. One of the persons mentioned he informed the Speaker was an official of the American government, and it was incredible that such epithets were permitted to be applied to a high official who had been in the service of the United States for twenty years.

The Speaker agreed that if the statements in question were not true they ought not to appear. Mr. Craig offered to send Mr. Redmond proofs of the facts stated in his question. Mr. Gladstone, recognizing the insufficiency of his first reply, supplemented it with the following statement: "Mr. Ford, so far as I know, has not been convicted of any criminal offence in this country. As regards Mr. Condon a royal pardon under the great seal was given him in 1878."

SIR HENRI JOLY DIES AT QUEBEC

(Continued from page 1.)
A Grand Seigneur.

So passes one of the last of the grand seigneurs—a man who spent the heyday of his manhood on the banks of the St. Lawrence, but who in the evening of his life gave to the province of British Columbia his mature judgment and ripe experience in politics, in the capacity of lieutenant-governor.

Of the late Sir Henri, it may properly be said that he captured all hearts. The mention of his name recalls to the memory of most Victorians the spare and venerable figure of the late governor as he passed to and fro from his home to his office in the parliament buildings, stopping to exchange a word here and there with an acquaintance or acknowledging in his courtly, old-world manner, the salutations of all whom he met. He had a singular charm of manner, which greatly enhanced his popularity while here, and was fortunate in having during the greater part of his tenure of office the co-operation of a helpmate in Lady Joly de Lotbiniere, whose discharge of the social obligations of her position as lieutenant-governor's wife, and her husband in the political realm. Her death toward the close of his term of office was a cause of great grief to him, and of deep regret to all who came within the circle of her influence.

Sir Henri came of an old Huguenot family, and so powerful in his cause were the influences of heredity and tradition that he seemed to carry with him the flavor and atmosphere of the eighteenth century, instead of the nineteenth, and of the courts of the continent, rather than the strenuous commercialism of a newer world and civilization. He spoke English with a curious accent, more distinctly French than is usual in those who have enjoyed, as he did, such long residence in a country where a dual language is in general use. In private conversation this was not as noticeable as on state occasions, when, for instance, he was obliged by reason of his position to read the speech from the throne, and when many of his words were almost unintelligible by reason of their quaint enunciation. The necessity of using a powerful eye glass perhaps contributed to this, because of the deliberation he was compelled to observe.

It was perhaps the greatest testimony to his intimate knowledge of procedure and to his consequent executive faculty of doing the right thing that his tenure of office at Government House was marked by such placidity, and he seemed to enlist the good will and profound regard of succeeding ministers of differing political complexions. Sometimes he was disposed to bear with matters which in the minds of at least a portion of the public called for official action, but if he was slow to act in such cases he at least was never exposed to the charge of partisanship, in either action or inaction. On one occasion he felt called upon to take a radical course, which involved the removal of a ministry, but even in this the operation was carried out so smoothly that even the principals scarcely seemed to realize that they had been displaced until their successors were in office.

Too constructive part of his political career having been played in a province far removed from this, and a goodly portion of it having to do with events and people who are now history, British Columbians had little opportunity of judging of his abilities in the political sphere. Coming to British Columbia at a time of life when men usually have outlived the more fiery impulses, passions and prejudices of youth, he dropped naturally into the more formal and judicial duties of lieutenant-governor, and wearing his honors with noteworthy grace. He formed a picturesque figure in the political and social life of the community, and as if to enhance this, he had for a considerable portion of his tenure of office at Carey Castle, an exceedingly youthful secretary in Robt. Powell, whose almost boyish freshness seemed to emphasize the venerable form and figure of his chief, with whom he was in almost constant association.

Both Sir Henri and his late wife were very much attracted by the services to which they have given all their sons but the oldest one, who manages the ancestral estate in Quebec. Lady Joly was particularly fond of the Engineers' branch of the army in which most of her sons have served—several of them with great distinction.

While in Government House, both the late Governor and his lady fostered by their influence and patronage the fine arts, and were frequently called upon to inaugurate, through their position, budding genius. Sir Henri himself was an enthusiastic forester, or arboriculturist, and one of the delights of his life was the superintending and care of a nursery of trees in the castle grounds which he had owned for many years, and which he had planted with his own hands. One of his last acts before he left Victoria was to transfer to several gentlemen as trustees for the city his little plantation of trees. At one time it was hoped to have these transferred to the gorge at the head of Pandora street and to convert the same into a park under the name of Lotbiniere square. The absence of an organization, such as the park board, which would care for the trees, prevented the project being carried out at that time, although the facilities now exist and could be invoked to in this way perpetuate his memory. No course more pleasing to him, were he alive to pass upon the matter, could possibly be suggested than in the rearing and care of the beautiful trees which were his especial pride.

Since leaving Victoria Sir Henri has lived quietly on his estates in Quebec, and only last spring he was visited by his former secretary, Mr. Musket, and manifested his old enthusiasm, and not a little of his former vigor in tramping over the estate and pointing out the progress of reforestation. For old friends in this city and for the city and province as a whole he also had the kindest inquiries and regards.

GOMEZ, PRESIDENT OF CUBA.

Liberals Likely to Have Strong Majority in Cuba.

Havana, Nov. 15.—At the close of an election which was conducted with great enthusiasm and complete absence of disorder, it appears practically certain that General Jose Miguel Gomez and Alfredo Zayas have been chosen president and vice-president respectively of the new Cuban republic, with strong Liberal majorities in the Senate and House. It is probable that the result will be officially established yet, but sufficient returns have already been received to indicate that the Liberals have won a victory which has been hard fought. Throughout the island, according to the reports, an extraordinary heavy vote was cast, vastly in excess of that cast in the August election, where 32,000 failed to vote in a total registration of 50,000. This was especially so in Havana city, where the vote to-day probably will reach sixty-six per cent. of the registration, against 40 per cent. in August. The city probably will give the Liberals a very strong majority.

SOUTH SAANICH COUNCIL MEETS

CRUSADE PLANNED ON CHINESE PIGGERIES

Sanitary Conditions Are to Be Insisted Upon by the Authorities.

As the Chinese residents in South Saanich who have been making a practice of slaughtering pigs and keeping their piggeries in an unsanitary condition have paid no attention to repeated warnings, prosecutions will be commenced against them. This action was decided on at the meeting of the municipal council on Saturday afternoon, and Dr. Nelson, municipal health officer, was asked to inspect the quarters of all Chinese residents keeping swine and report on the sanitary conditions.

Numerous complaints have been received by the council from residents who live within olfactory distance of the piggeries, especially along Carey road, regarding the stench from them. Evidence has been collected of slaughtering being done in defiance of the law. The Chinese are wily enough in some cases. It is said, to slaughter at night and bring the carcasses into the city to dispose of them.

It was the view of the majority of the council that the ratepayers would not grudge any expense to get rid of this nuisance, even if it cost \$1,000.

A. G. Snelling, secretary of the Victoria Creamery Company, wrote to complain that the company's premises on Carey road had been entered and considerable damage done, but that complaints to the constable had met with no attention.

Councillor Nicholson suggested that a special constable be appointed to investigate this case, and council decided to do this. Councillor Nicholson thought it strange that Constable Russell could not discover the culprits in this and other cases where complaints had been made and no arrests made.

Constable Russell was present and he declared that he had done his best to catch offenders, but the great extent of the municipality would hamper anyone. By the time complaints got to him and he got to the scene offenders had usually disappeared. In the case of the piggeries, Constable Russell said he had secured sufficient evidence to warrant conviction.

Valentine H. Watmore made a protest against paying \$2 road tax when he was already paying taxes on property in the municipality. The council was rather doubtful as to its rights in the matter, but finally agreed to refund the \$2 in this and other cases.

Councillor Dunn declared that it was petty larceny on the part of the municipality to collect a road tax from ratepayers.

Expenditures on road work during October were reported on as follows by the road superintendent: Ward one, \$228.15; ward three, \$566.15; ward four, \$649.10; ward five, \$64.60; ward six, \$527.25. Expenditures upon the trunk roads were as follows: Saanich road, from the city boundary to the Royal Oak, \$399.20; East Saanich road, from the Royal Oak to the boundary of ward six, \$215.40; East Saanich road, gravelling, \$194.55; and West Saanich road, gravelling, \$50.65. The necessary improvements to the Gordon Head road to cost about \$150 will be effected, Councillor Scott to arrange for the work to be done. Repairs to the Burnside road near the Burnside house, where a low portion of the road needs gravelling, will be done and the water lying on the low portion of that road, between the bridge and Tillicum road, will be drained into the neighboring stream.

Councillor Mannix asked for an expenditure of \$100 on the improvement of Blenkinsop road, and an appropriation of \$50 was decided upon.

Funds are running short as the end of the year approaches. Work yet to be done on the roads will require some \$2,000, to meet which there is only about \$1,400 in sight—cash on hand and revenue to come in before the close of the year.

HOSTS OF CHILDREN APPEAR IN "THE PIXIES"

Big Cast Works Energetically and Successful Performances Are Assured.

While their playmates work "The Pixies" taken by the principals and by the young ladies in the marches, dances and dances, is such as must enthrall the most blasé theatre-goer, the chief interest after all centres in the little girls with their sweet child faces, fresh young voices, dainty frocks and unconscious grace. There will be one hundred and twenty-five of them, daintily costumed in tulle and tinsel as fairies, butterflies, flower girls and pages. And everyone of them has something to do every moment, even little five-year-old Mary Rattenbury, who, as Sunshine, is stolen by the wicked goblins, and over whose recovery a battle is fought by the gallant pixies. Margaret Sheldon and Billie Copman, as Tinyette and Tiddiewinkle, were attendants of the Queen, have difficult comedy parts and carry them like veterans. Laddie Watkins as Prince Prometheus's page, and does her work so charmingly that she will win all hearts.

The butterflies, Gypsy Switzer, Dorothy Kirke, Irene Robin and Nona Cutter, will be beautifully costumed, and will have a butterfly song and dance. Gypsy Switzer's beautiful "Song of the Butterfly" is a great advantage in the pathetic solo, "I Can't Forget You, Honey." The flower girls, Lillian McKenna, Hilma Nichols, Charlotte Betterton, Louise Walcott, and Freda Bagshaw, have difficult speaking parts. Greta Brown and Dora Lawder, as pickaninnies, with the assistance of Leroy Wachter, will sing the trio, "Mamma's Buck Landa," and will contribute very much to the fun of the evening. They find the little lost Sunshine and bring her back in a basket, and make all sorts of trouble for the duke in his efforts to win England.

Mrs. George Simpson has taken special pains with a scarf dance by Grace Cameron, Frances Briggs, David Rayner and Agnes Robertson, four of Victoria's most graceful dancers. This is part of a scarf drill given by Emma Crawford, Ola Batcom, Dorothy Forester, Jeannette Kelly, Lily Nichols, Edna Gray, Rhoda McGary, Eva Le Blanc, Gladys Fulton, Hilda Simpson, Elsie Sparrow, Zilla Baird, Mary Sturges, Phyllis Burrell, Gemma Gray and Violet Moresby. These girls group themselves into a series of picture-poses under colored lights, making a number of beautiful tableaux as they weave in and out swaying their scarves. The children's choruses are especially well prepared and are given with plenty of snap and action.

In short, "The Pixies" under the exacting direction of the author, W. A. Milne, a veteran of fifteen years' experience in the larger Eastern cities, has a professional swing seldom found in amateur work, and is full of love and laughter, mirth and music, from curtain to curtain.

Two full rehearsals were held Saturday at A. O. U. W. hall, and the big cast worked as quietly and energetically as if they had been at it for years. Perfect

STICKEEN RIVER IS TO BE IMPROVED

Dominion Government Has Made an Appropriation of \$6,000 for Work.

The information has been received from the north that the Dominion government is about to expend considerable money in improving the Stickeen river channel so as to aid navigation. Last year \$600 was spent for this purpose and some of the worst rocks were removed near Glenora.

This year, however, an appropriation of \$5,000 has been made for the purpose and considerable work will be possible between Glenora and Telegraph Creek. The work will be carried out under the direction of C. A. Tervo, who has lived at Glenora since 1898 and knows exactly the needs of the district.

Those interested in the question of river navigation are loud in their praise of the aid given by Mr. Sloan, M. P., elect, in securing the appropriation. The work to be carried out has been decided upon by Mr. Lewis, acting in consultation with Capt. Buey, of the Hudson's Bay Company steamer, whose vessels traverse the river. The work will consist of blowing off the principal protruding rocks at the big

SIR HENRI JOLY.

Full of years, honors, and in possession of the confidence and affection of his countrymen from the Atlantic to the Pacific Ocean, Sir Henry Joly has been in this life at his home in Lotbiniere, Quebec, this morning. In no part of Canada, not even in his own province, where the greater part of his life was passed and where he was intimately known, will the news of the death of this distinguished and beloved Canadian be received with deeper regret than in the city of Victoria and in British Columbia.

Sir Henri, it will be remembered, was appointed Lieutenant-Governor of this province at a somewhat critical time in local political affairs. His appointment was regarded with mixed feelings in the first instance, but he had not been long in office before his courtesy, gentleness mingled with firmness, knowledge of human nature and of the diplomatic requirements of the situation, smoothed out all possible entanglements, and from that time until the end of his term his every official act was regarded as absolutely beyond criticism even by those most directly affected.

Sir Henri came amongst us a stranger; he departed for his old home in Quebec carrying the respect, the love, we might say the reverence, not only of those of us who enjoyed his personal acquaintance, but of the far greater number whose only relationship to him was his courtly salutation as he passed them upon the streets.

An extended account of his life and of his distinguished services to Canada will be found in another column of this issue of the Times.

POINTING A MORAL.

The newspapers of Great Britain are drawing lessons for the benefit of the Conservative party from the great Liberal victory in Canada. One candid Tory organ in the West attributed the failure of Mr. Borden to the fact that he had not laid a programme of constructive measures before the people, but it was argued, that was not the Conservative leader's fault, rather his misfortune. The Liberal government had prepared a programme so far in advance of the times that there was nothing left for the opposition to propose. The construction of a great national highway was in progress. The all-red route, while hanging fire, had been mooted, and would certainly be achieved. The British preference and Imperial Penny Postage were facts of actual accomplishment. The Hudson Bay Railway had been proposed and approved. A satisfactory reciprocity treaty with France had been negotiated and was awaiting the approval of the French Senate, which had doubts whether the instrument was not too much in Canada's favor. The German government thought it could dominate and dictate terms to Canada upon the question of preferential trade within the Empire. That government was taken in hand and dealt with, and now is actually a suppliant at the feet of the Dominion, ready to deal with us upon fair terms. So that we find the Conservative party in the unhappy position of being unable to formulate a constructive policy.

It dared not even make a suggestion upon its pet subject, the Tariff, because it knows the people of Canada will not submit to any increase in the tariff of that favorite child of Toryism. It could therefore do nothing but roar "scandal!" with what result the elections have shown. Hence we find the following in the London Pall Mall Gazette, reading a lesson for the benefit of the Conservatives of Great Britain: "The thoroughgoing victory of Sir Wilfrid Laurier at the polls, according to the 'Times' correspondent at Ottawa, has simply staggered the Conservatives. It should impart a useful lesson to Conservatives elsewhere on the disadvantage of being without a 'constructive policy.' The Liberal party in the Dominion is identified with a very large and definite programme for the stimulation and guidance of Canadian development. It has improved communications, encouraged immigration, maintained the tariff, and committed every possible breach of laissez-faire in order to foster industry and facilitate trade. It could point to a great deal of work accomplished and to a substantial list of projects still awaiting execution. The opposition had no particular views or intentions of its own, planning its faith to criticism of the government's policy and conduct. This negative attitude has wholly failed to

enlist the enthusiasm of the Canadian people, and the Conservative party, to their own and the general surprise, are practically no better off than before the elections. It seems a story with a not indistinct moral for British statesmen."

AFFAIRS IN THE "PAVILION OF PEACEFUL LONGEVITY."

Verily, the ways of the Orient are not the ways of the Occident. The coincidence that the Emperor of China and the Dowager Empress should shuffle off their mortal coils just about the same time. It is said affairs political are in a state of chaos at Peking; and no one knows with certainty what the outcome may be. Our Chinese neighbors play the political game with a considerable amount of finesse, and it is remarkable the prominence of the part in the game usually played by the "dowager Empress." The old dowager of China has crossed the Rubicon, but there seems to be a new dowager ready to reign in her stead—provided the mother-in-law of the regent does not play the game more deftly. This latter lady is said to be a strong-minded woman, thus exemplifying the generally acknowledged attributes of this person in all walks of life, lowly or exalted, Occidental or Oriental. In China the game will hardly extend beyond one of mere intrigue. It is not likely to manifest itself, beyond the walls of the palace, thus giving neither the common people an excuse for rising above their historic or racial indifference nor the powers, which usually display a considerable amount of interest in dynastic matters, to place their fingers in the political pie. In the meantime all mere barbarians can do is wonder at the awful lack of dignity the late Emperor displayed in his last hours. He might surely have donned robes consistent with the solemn occasion and made arrangements to draw his last mortal breath in the Pavilion of Peaceful Longevity, even if the title given this palace were completely out of harmony with the uses to which it was put for the time being.

Nevertheless, there will be a certain satisfaction for the Chinese mind in this day of affliction in the thought that the palace at Peking divides with the palace at Potsdam the present attention of the world.

Nothing could more clearly demonstrate the conditions which still prevail in San Francisco municipality than the attempted assassination of Attorney Heney and suicide of the would-be murderer. It has long been known that the determined prosecutor of the band of grafters who have made the name of the Californian a by-word was a marked man and in daily danger of death. That the looters are still in positions of influence is shown by the fact that the man who made the assault upon Mr. Heney, although in jail, was surreptitiously furnished with the means of taking his own life. If he had been permitted to come to trial and tell all he knew other reputations might have suffered. Therefore he was permitted to make away with himself, and no doubt officialdom in San Francisco is greatly relieved at his timely release. This extraordinary contrepas might be expected to make the people of the southern city more determined in their efforts to root out and punish the band of grafters who have carried on their operations with such a remorseless hand for many years. But others again will have their doubts about that. The stream of public life has been too long running mud for the process of purification to be carried out with precipitancy. Mr. Heney has only accomplished what little he has accomplished in spite of the obstruction of officialdom. The attempt upon his life has drawn forth expressions of sympathy from high places, and may strengthen his hands. But no one knows better than he the nature of the task undertaken, for the desperate measures adopted to frustrate his purpose.

Dr. Fletcher, whose death we announce to-day, was a scientist of note in the particular field wherein his researches could be of the greatest possible benefit to Canada. In many respects the Dominion leads the world agriculturally. That fact has been admitted by persons qualified to speak with authority. And it is chiefly due to the work of Dr. Fletcher. For the change which has taken place in our methods of farming within the past thirty years is a double portion of the credit is unquestionably due to the life and works of that skilled agriculturist and experimenter.

Premier McBride says the success of the Conservative party in this province was due principally to the anti-Oriental agitation. And when the election sits down to quietly ponder over the situation he has created he will wonder at the irony of the fates in putting such instruments in his hands for the purpose of voicing his opposition to Orientals. Just think; for example, of Mr. Harry Barnard and the elements behind him, both in British Columbia and the East, "standing for" a white Canada!

Mr. Borden, Conservative leader, has been trying to induce recruits from several of the provinces to join his dedicated political army. And the curious thing is that his choice fell upon Sir Herbert Tupper of this province, although the knight did not raise a finger to help him during the campaign, passing over both the Hon.

Richard McBride and the Hon. W. J. Bowser, both of whom are known to have ardent hopes of entering the federal field.

If the Colonist had only kept in mind the fact that character is the essential thing in the life of a newspaper as in the life of an individual, it would not have been continually complain of people questioning its motives.

What Other People Think

MR. O'REILLY AND HIS FRIENDS.

To the Editor—I have read with unmitigated pleasure in the Times of Saturday, the 14th, the "Bygone Days of British Columbia," especially as it contains a reference to, and likeness of, my dear old friend Mr. O'Reilly, a judge in more recent times.

It is a long stride in time and space from Ireland in 1858 to Victoria in 1908. Nearly half a century from the time I, and many of his friends, bid him God-speed in Ireland until I saw him ensconced in his coffin. One year prior to his death I came to reside near Victoria, not knowing I was within a mile of my whilom friend and brother officer; until I read of his death in an obituary notice in your paper, August, 1907, and found to my sorrow I was "too late." We had served together for four years as lieutenants in the Victoria Police, which subsequently amalgamated with the "Royal Irish" in 1894. The R. I. was the only service then under the crown that did not admit of promotion from the ranks, and the officers were required to be "sons of gentlemen," by the regulations. Mr. O'Reilly easily qualified, as his father was a county gentleman of distinction. Yes, and my friend, too, was a "gentleman" right in to the heart's core, and was particularly fond of society, of the right kind. He liked the independence of the life of the R. I., although severe, uncontrolled by magistrates or any other outsiders. We officers generally chummed with the officers of the R. I. C. in private quarters, and R. P. officers having under him one sub-officer who acted as clerk, twenty men, and an orderly, in a comfortable base-hack hard by. They were then principally quartered along the west coast of Ireland to check smuggling of all descriptions as a substitute for the military, who formerly did that duty, and growled at the additional hardship.

The pay might have been better, but we were very young and everything was cheap in those days, without combine and freightage to trouble us. I remember, when we were married—a far off visionary function. But the R. P. I regret to say, were not always averse to the time-honored preliminaries preceding that happy bondage.

SIMON FRASER EXHIBITION.

To the Editor.—Now that the series of the Simon Fraser centenary exhibition at New Westminster, Vancouver and Victoria have been completed, I wish, on behalf of the provincial government, to make certain acknowledgments due those who so kindly assisted in securing what was apparently considered by the public to have been successful. So many contributed to the stock of exhibits, pictorially and otherwise, it would be quite impracticable within reasonable space to give credit in every instance where credit is due. I can only refer to a few of the principal contributors, and ask the others to be assured that their efforts were sincerely appreciated.

In the first place, substantial money contributions were received: From the Bank of Montreal, \$200; the Royal Agricultural Association, New Westminster, \$100; the B. C. Electric Railway, \$100; Wm. Sloan, M. P., \$50. Had it not been for the special demands on the public at the time for various other worthy objects, we should undoubtedly have received many other contributions of a similar nature, and, in any event, had the public realized what was proposed at the outset there would have been, I feel certain, a very generous response to any appeal made.

It must be understood that at the time the government undertook to aid the Simon Fraser anniversary celebration at New Westminster by organizing and loaning an historical exhibit there was no appropriation from which to draw, and, therefore, the amount it was justified in expending without legislative warrant was necessarily limited. With only \$2,000 to \$3,000 at the disposal of the executive an exhibition that would have been memorable and really worthy of the anniversary might have been arranged. As it was, lack of time and lack of the necessary funds rendered it very difficult to accomplish what was accomplished, and accounts for many obvious deficiencies and imperfections.

In the second place, every person in whose power it was to assist has been very kind, and it is to them the credit of any success is due. Among those who most materially assisted are: In New Westminster, Mayor Keary, Mrs. Homer, Mrs. Dickinson, Mrs. Hughes, Rev. E. Robinson, Rev. Dr. McKeown, Rev. Dr. Wolf Smith; in Vancouver, members of the Art and Historical Society, Dr. Moody, Mr. W. D. Burdick, Mr. C. T. Dunbar and Mrs. Ralston; in Victoria, Mr. J. W. Tolmie, Mr. Frank Sylvester, Mr. R. B. McKicking, Mrs. Ella, Mrs. J. D. Pemberton, Mr. Charles Pemberton, Mr. J. Savannah, Mr. A. H. Maynard, Fleming Bros., Mr. Noah Shakespeare, Mr. E. McKee, Mr. McKeown, Mr. McKeown, Mr. E. C. Hanington, Mrs. Raymur, Mr. O'Reilly, Hon. E. Dewdney, Mr. D. W. Higgins, Mr. Wm. Humphrey, Lady and Miss Crease, the Messrs. Courtenay, bar. Hudson, the Hudson's Bay Co., Mr. Bishop and Mrs. Critch, the Rev. Canon Beaudin, Mr. C. A. Stewart (Colonist hotel), H. G. Mason, Col. the Hon. E. G. Prior, Dr. I. W. Powell, Mr. Justice Martin and Thos. W. Seward; in Nanaimo, Mr. Marshall Gray, government agent, and Mr. M. Bate. In other parts of the province, Mr. Wm. Dodd, government agent, Yale; L. A. Agassiz, Agassiz; J. J. Carmichael, Kamloops; P. C. Claudet, Nanaimo; Mr. Benoit, Victoria; Mr. C. A. Benlin, Cache Creek; Mr. C. A. Rogers, Barkerville; Mr. J. E. Hadder, Kaslo; Mr. H. A. Turner, Parkview; Mr. G. E. Stephenson, Quesnel Forks; Mr. C. Colson, Bella Coola; Mr. J. H. Clifton, all made important contributions.

The government in this connection is also under special obligations to Geo. H. Himes, curator of the Oregon Historical Society, Portland, for a most interesting collection of Oregonian curiosities, and to Prof. E. S. Meany, representing the University of Washington, Seattle, for a valuable collection of Hudson's Bay Company relics, and to Lord Strathcona, Canadian High Commissioner, and to Mr. C. C. Chipman, commissioner of the Hudson's Bay Company, Winnipeg, for assistance and co-operation. I wish to express appreciation of the assistance rendered by Mr. J. Savannah, Victoria, whose suggestions and advice from the point of view of an expert were very valuable.

On the whole, the exhibition, while primarily intended to serve as a great deal of interest in a subject to

which the government is paying special attention, viz., the pioneer history of the country. Since the exhibition opened at New Westminster several hundreds of pictures have been received, which, in addition to hundreds of others, will be copied, and remain part of the permanent records in the archives department.

Numerous inquiries have been made as to the possibility of friends acquiring copies of the enlargements on exhibition, and I am authorized to state that as there are not at present facilities in the government buildings for displaying so many certain of them will be disposed of at a special sale. In very much less than would be in the case of individual orders. The people of New Westminster, for instance, desire to acquire practically all those belonging to that city and district. In expedient knowledge of the assistance from various sources and appreciative comment by the visiting public I feel sure I echo the sentiments of Mr. E. O. Scholefield (librarian) and Dr. D. J. Atwood, who were associated in this work.

R. E. GOSNELL,
Commissioner Simon Fraser Exhibition.

WOMEN'S COUNCIL IS IN SESSION

BUSINESS BROUGHT UP THIS MORNING

Mrs. Cooper Has Been Elected President to Succeed Mrs. Day.

The opening session of the fourteenth annual meeting of the Local Council of Women of Victoria and Vancouver Island was held this forenoon, commencing shortly after 10 o'clock, with the president, Mrs. Day, in the chair, and with her on the platform, Mrs. Haasli, Mrs. Jenkins, Mrs. Sheldon and Mrs. Grant.

A few moments directed to silent prayer were followed by the reception of new societies, and the appointment of Mrs. Hessel as press secretary. The roll was then called and a number of letters read, but it was decided to hold over all discussion and business arising from these letters to another meeting.

Bishop Perrin asked permission to say a few words and conveyed with much cordiality and heartiness, his own and Mrs. Perrin's invitation to the president and all members of the executive as well as to all delegates from affiliated societies to be present at a reception at Bishopsclose on Wednesday, Nov. 25th at 8 p. m. The bishop followed this invitation with a few kindly and thoughtful words about the great and good work being done by the Local Women's Council, referring to a conversation he had had with Lady Aberdeen when abroad in which the latter expressed a keen interest in the society which she had been the means of inaugurating, and the hope that at some future time she might again have the pleasure of visiting Victoria.

After the appointment of returning officers and tellers for the ballot, Dr. Favon was called on for a five-minute speech, in which he made an earnest appeal for more help for the work at the Tuberculosis hospital, saying among other things that if the citizens of Victoria even though they had not time to attend the meetings of the society would contribute the small sum of \$1 annually, the all important work could easily be put on a sound financial basis. He also called attention to the fact that the anti-slipping by-law was not enforced.

Mrs. Day commented on the doctor's speech by saying that she had found the eastern people being enthusiastic in the anti-tubercular question, and Mrs. Jenkins warmly seconded the proposal that more efficient help might be given.

Societies Report.

Miss Lawson read a very interesting report on the Friendly Help Society, on which she stated that work was still being carried on along the same lines and in the same rooms in Market hall. She spoke of their pleasure at the return of the president, Mrs. Perrin, and of their regret at the removal by death during the year of two of their members, Miss Skinner and Mrs. Dalby, and called the attention of the council to the fact that Christmas would soon be here, and donations of all sorts would be thankfully received.

A report of the Home Nursing Society was read, in which it was stated that ten maternity cases had received attention since last November, the mothers in many cases being helped by clothing for themselves and infants' outfits as well. Warm praise was given the nurse, Mrs. W. H. Herbert, for the good work she was doing, it being stated that she paid on an average one hundred visits a month, giving help and advice. There were several consumptive cases on the list during the past year and these were supplied with milk and eggs. A number of food and grocery orders had also been filled.

A very full report of the Ladies' Auxiliary of the Y. M. C. A. was given by Mrs. Andrews in which she stated that their membership had been increased during the past year until it numbered 92, and that their meetings were now so large that it had become necessary to hold them in the Y. M. C. A. hall instead of in private homes as formerly. Particular attention was called to the work being done by the Y. M. C. A. among the young boys of the city.

The Mother's Club was heard from. This club has entered upon the eighth year of its existence, and seems to hold its own amid serious difficulties arising from the well known fact, that the mothers of young children are always exceedingly busy women, and have little time to devote to meetings. The meetings were discontinued during the summer months, and when the club re-assembled in the autumn renewed interest was manifested, and the work is prospering. In these meetings the mothers and teachers are brought into personal touch with each other, and in this way they mutually come to a better understanding of the problem concerning them both, that of furthering the education of the children.

The Victoria Union of the Y. C. T. U. reported a year of unusual, some-

times strenuous activity. They now number 175 active members and 25 honorary members. Special stress was laid on the excellent work done by Miss Murcutt, and it was stated that the large and appreciative audiences attending her lectures spoke well for the popularity of the cause and also for the speaker.

While regretting the passing of the amendment to the Municipal Franchise Act, by which the right to vote for the election of mayor, alderman and school trustees, so long held by the women householders of this city was taken from them, and a petition signed by over 1,000 women of this city that it should not pass, was unheeded, the members of the W. C. T. U. felt assured that "Truth crushed to earth will rise again." During the year the union had raised over \$3,500, which was being used for carrying on its work in all its branches.

Reports were also read from the Ladies' Aid of St. Andrew's Presbyterian church, the Emmanuel Baptist church and the Metropolitan, all of which contained most interesting statements relative to the encouraging work done by them.

President Elected.

The question of electing a new president was brought before the meeting; the retiring president, Mrs. Day, giving very fully her reasons for declining re-nomination. Letters of regret were read from Mrs. (Dr.) Young and Mrs. Fitzgibbon, in which they explained that it was impossible for them to allow their names to be brought before the meeting. Mrs. Sheldon and Mrs. Jenkins, who were present, also declined to act, and the choice reverted unanimously to Mrs. Cooper, who in a few well chosen words expressed her appreciation of the honor which the society had conferred on her, and requested their support and prayers in aiding her in the fulfillment of the new duties devolving upon her.

New officers were then elected by ballot as follows: Mrs. Willie Croft, Mrs. Burns, Mrs. Spottford, Mrs. Brown and Miss Crease. The meeting then adjourned for lunch.

PANTAGES THEATRE

This Week's Programme Includes Delightful Comedy.

Every act on the Pantages bill this week has been the recognizing feature at other vaudeville theatres and is in line with the policy the Pantages circuit seem to have adopted, that of gradually sending better shows to Victoria.

The Hickman Miller Co. will appear in a delightful comedy called "Twins," being a production of the same class

A concert will be given by the male voice choir in the Institute hall in the first week of December. A chorus of 40 voices, under the leadership of J. M. Morgan, assisted by Benedict Bantly and other well-known musicians, will take part.

A Christmas sale of work will be held by the ladies of St. James' church on Tuesday, December 15th. It is hoped that all members and friends of the congregation will bear the date in mind and make this a success.

The regular meeting of the First Presbyterian club will be held in the school room of the First Presbyterian church at 8 o'clock to-night at which a lecture on the life of Dr. Livingstone, the great Scottish missionary and explorer, will be delivered by W. Jamieson. He will be assisted by Rev. Dr. Campbell, A. Fraser, R. Morrison and D. A. Fraser with literary and musical selections. A cordial invitation is extended to all who may be interested to attend, no charge being made.

ALBANY RITCHIE DELIGHTED AUDIENCE

Choice Programme Given by Talented Violinist at Victoria Theatre.

The Albany Ritchie concert at the Victoria theatre on Saturday night did not draw a large attendance, the house being less than half full. The violinist, however, was accorded a good reception and recalled several times to the footlights for his pleasing rendering of the numbers selected for the programme. The fact that Saturday night was the only one available for the concert was against it. The attendance would have been much larger had it taken place on any other night of the week. The audience though not as large as could have been hoped for had the satisfaction of hearing a concert which was most delightful.

Mr. Ritchie's best efforts which won the heartiest applause were Drdla's "Serenade" with accompanist, and Bach's "Chaconne" violin alone. His rendering of Schubert-Wilhelm's "Ave Maria," earned him further praise, and was the subject of a pleasing encore. The programme ended with-Wienlawski's "Facetious" which was followed by two encores demanded from the audience. Mr. Ritchie succeeded admirably in his efforts, which were made more arduous owing to the fact that he attempted a well arranged programme without vocal or other instrumental assistance. He alone kept the audience interested and pleased with his efforts through the evening, there being no variation of the programme. Miss Miles, A. R. C. M., as the accompanist, performed in her usual accomplished manner. The full extent of the work undertaken by Mr. Ritchie in which he so well succeeded will be seen from the following programme:

1. Concerto, F. Maj.,.....Ed. Laio
- Recit. Allegro
- Andantino (Romance).....
- Attergo Con Fuoco (Finale).....
2. (a) Romance.....Sinding
- (b) Serenade.....Drdla
- (c) Mazurka.....Zarazycki
3. Chaconne.....J. S. Bach (Violin alone.)
4. Havanalse.....Saint-Saens
5. (a) Ave Maria.....Schubert-Wilhelmj
- (b) Tarantelle.....Wienlawski

THE NEW GRAND

Performing Bears Among Features This Week at Government Street Theatre.

Opening at the New Grand to-day are Harry Luken's seven wonderful performing bears, under the direction of Mlle. Beatrice, late animal queen with Ringling Bros' circus; Dolph and Susie Levine, in "Hypnotising a Wife"; Malia and Bart, presenting their acrobatic absurdity; "The Baggage Smashers"; the Ader Trio, extraordinary club jugglers; Brown and Hodges, Indian cartoonists and singers; Thos. J. Price in the illustrated song "Sweetheart Days"; new moving pictures entitled "Pale of a Haven" and "Bathing"; and as an exciting selection from grand operas arranged by Mr. Nagel.

A meeting of local musicians was held on Saturday evening in the Y. M. C. A. rooms for the purpose of forming an efficient orchestra for service in connection with the association. Will G. Plowright, who is interested in the work, was chosen leader. Members will hold their first practice on Saturday evening next. This orchestra will greatly strengthen the musical portion of the service at the men's meetings in the New Grand theatre, and will appear regularly at the meetings in the Y. M. C. A. auditorium on Sunday afternoon.

Have a good time, St. George's hall.

NO CHANGES IN LEAGUE TEAMS

VICTORIA WEST STILL THREE POINTS IN LEAD

Bays and Esquimalt Win From Regiments and Cedar Hill.

Team	P	W	L	D	Pts
Victoria West	6	3	0	1	11
Esquimalt	5	4	1	0	10
James Bay	4	3	2	0	8
Cedar Hill	4	1	3	0	2
Garrison	2	1	3	1	3
Regiment	2	0	3	1	0

Saturday's Matches.

Victoria West, 3, beat Cedar Hill, 1.
Esquimalt, 3, beat Garrison, 0.
Bays, 5, beat Regiment, 0.

Through Saturday's matches in the Victoria and District Association Football League there were no changes marked up on the standing on the club's record. All the leaders advanced in order, winning their game and adding two points to their tallies, while the Garrison, Cedar Hill and Fifth Regiment remained in their former positions. The victory of Esquimalt appears to be most gratifying of the three, as that team a week ago looked to be in a crippled state from which it could not recover. Esquimalt, however, many good men it loses always seems to have another one in the bag, and this time the places of those who have gone are filled with men well able to take the missing men's places. The team from the Canton ground and the Bays will make the fight for second and perhaps for first place with Victoria West.

ESQUIMALT 3, GARRISON 0.

Esquimalt with practically a new team, lined up, owing to Holmes, O'Connor, Clarkson, Finlay and Ishbister having left the city, defeated the Garrison on Saturday afternoon at the Canton grounds, by a score of 3 goals to nil. Sheritt got the first after an hour's play, and Jasper scored the others from cross goal passes. The Garrison goalkeeper was several times bothered in the first half, and was pressed hard in the second. Garrison played soccer, relying too much on three men, Buxton, Thomas and Sullivan played strong football, but lacked the support of their team mates, who played a scraggy game during both halves. Esquimalt, on the other hand, played faster and more steadily. In their line-up was Jerry Dunn at left back, and he showed up in his old form, while in goal last year's goal-tender Costello made but few mistakes, none of which were serious. He gave perhaps two chances to score, which could have been taken, but were missed, otherwise he played a strong defence game. Reid, Bowhay and Branditt are new men on the team and balance up well with the other players. Jasper and J. Young, forwards, shot for goal continually, and were successful in finding the net three times. In the first half of the game put several of his shots over the bar, or wide of the posts. Sheritt, on outside right, was in good shape, and Esquimalt in meeting Victoria West next Saturday will put up a better fight than in the first match between the two teams last month. Esquimalt still remains in second place in the league, being three points from top position with four wins and a defeat to Victoria West on October 10th.

Alex. Rutherford made his debut as referee, and while he gave general satisfaction, several spectators more than once found fault with his decisions. The teams were:

Esquimalt—Goal, Costello; full backs, W. Young and Dunn; half backs, Telford, Branditt and E. Young; forwards, Reid, Sheritt, Bowhay, J. Young and Jasper.

Garrison—Goal, Dunn; full backs, Sullivan, Delgan; half backs, Eiton, E. Buxton and O'Leary; forwards, Garrod, Fletcher, Thomas, Carter and F. Buxton.

BAYS 5, FIFTH REGIMENT 0.

The result of the Bays and Fifth regiment match played at the Royal Athletic ground was practically a foregone conclusion, barring accidents. The Bays had no difficulty in scoring five goals during the ninety minutes play. They outplayed the regiment at all points and prevented them from scoring. The Bays by their win retain their place of fourth on the list, while the regiment, still without a win, remains last on the list.

VICTORIA WEST 3, CEDAR HILL 1.
Victoria West beat Cedar Hill on Saturday at Clark's field without difficulty. The winners took out a stronger

team, as owing to their position held on the score card they are taking no chances of meeting a surprise, and their backs did mighty work in attempting to stall off defeat. White, Hall and Tait got goals for the winners, while the only Cedar Hill goal obtained was put between the posts by Miller, who played a fine game at outside left. Towards the end of time the Cedar Hill team pressed hard on the Victoria West defence, but could make no further impression, finally in despair giving up to their defeat.

North Ward was beaten at Beacon Hill by the High school on Saturday, the score being 3-2. The result of the match is that all the teams in the junior series are now equal with one win and one loss each.

VANCOUVER RESULTS.

The results of Vancouver soccer Saturday were: Thistles 4, Shamrocks 0. Clarkson, formerly of Esquimalt, is in hospital having cracked his knee cap in the match playing with the Shamrocks. It will probably mean his retirement from the game this season. Westminster beat the Celtics by 5 to 0. The Thistles now lead the Vancouver league with three wins and no defeats.

NANAIMO DEFEATS LADYSMITH AT SOCCER

Hard Fought Game in Pacific Coast League at Smelter City.

(Special to the Times).
Ladysmith, Nov. 14.—In dull weather and in a drizzle of rain Nanaimo United, the champions of British Columbia, yesterday defeated Ladysmith on the latter's grounds by the score of 2 goals to 1. It was the first meeting of the two teams in the Pacific coast league and there was a large crowd to see the game.

The home boys pressed right from the outset, but although they had more than three-fourths of the play in this half and were constantly in and around Nanaimo's penalty area, ineffective forward work prevented the score being opened. McGeachy Mitchell, Nanaimo's outside right, slipped away unheeded and scored for Nanaimo. The home players then began the second half with a goal against them, still endeavoring to hold the game. Adam eventually equalized. Hooper then got through on a breakaway and beat Hartley for the second time. Try as they would the home players could not get another point. Adam missed a penalty kick, and one of the hardest fought games ever seen on the Ladysmith grounds ended in favor of Nanaimo.

There was not a great amount of money up. Hastet, of Vancouver, refereed the game satisfactorily to both sides.

RUGBY FOOTBALL CITY DEFEATED BAYS.

The City Rugby team defeated the J. B. A. A. fifteen at Beacon Hill on Saturday afternoon by two points in the second game the two teams have played this season, the former ending in a draw with no score by either side.

Both teams turned out strong combinations and the closeness of the contest, is shown by the score 5-3 in the City team's favor. Bromley, a new man in the City line-up, justified his place and from the form shown is likely to be given a place on the representative Victoria team. F. Henry as referee, gave general satisfaction.

HARRIERS.

Y. M. C. A. OUTING.

The junior harriers of the Y. M. C. A. were out on Saturday afternoon for a run, starting from the exhibition grounds and following the trail laid by Beckwith, Kiddle and Baker. Sproule led the pack and Elliott whipped. The race finished on the track at the grounds, after several miles across the hills in the Willow's neighborhood. Every man finished in good shape. December 12th is the date of the first race of the season.

BASKETBALL.

GAME TAUGHT.

High school and Shamrocks meet to-night at Institute hall in a friendly game. The contest will start at 8 o'clock.

The league meeting will be held to-morrow night at 8 o'clock in the Y. M. C. A. when the season's schedule will be drafted.

GOLE.

SEATTLE WINS WAVERLY CUP.
The Waverly Golf Club trophy, consisting of a cup valued at \$500, for competition between team of eight men from the clubs affiliated with the North West union, was won Saturday at Portland by Seattle. The Portland team was second while the other teams competing were Victoria and Tacoma. There was great joy in Seattle golf circles Saturday night when the result of the tournament was made known there. The men on the winning team were: J. Gillison, Jr., captain; George Ladd, Munn, Frank R. Van Tuyl, T. S. Lippy, Eddie R. Garrett, Charles P. Spooner, S. L. Lindsay and A. S. Kerry.

The scores were: Seattle 108 down to bogey on 36 holes; Portland, 119; Victoria, 132; Tacoma, 165.

SEATTLE DEFEATED AFTER HARD STRUGGLE

Four Goals to Nil in Favor of Victoria Hockey Team.

The Seattle hockey team went down to defeat on Saturday afternoon by the rout of the Victoria hockey team, the score being 4-0. Four goals to nothing looks rather one-sided, but the game was not as bad as it looks on paper. Seattle played pluckily, much better than when they were last in Victoria. On that occasion Bernie Schwenger was able to run through almost whenever he liked, and it was he who scored most of the goals.

The Seattle boat being late, the boys from the Sound did not arrive until considerably after three, and when they did get to Oak Bay they were three men short. However, they were not daunted by this. Jones played in goal for them and saved many a good shot. Pope and Clurhine were also enlisted on the American side, and they put up just as good a game as the victors. Pope especially distinguished himself. For some minutes after the opening the game was fairly even, neither side gaining any distinct advantage. A few short rushes were made, and then at about ten minutes after the bell-off, Hart scored the first goal for Victoria. Seattle made several brave attempts to even up, but failed in the shooting, and then Montgomery, for Victoria, sent in the second goal from a close rush. This ended the scoring for the first half.

Seattle opened strong in the second half, but the Victoria defence was too wide awake, and when Seattle was making one of their vain attempts, Montgomery got away with the ball and carried it all the way up the field, scoring with a fast shot. From that time on the game was Victoria's. Jack Hart putting on the final goal. Even up to the last moment the victors tried to break their duck's egg, and the sympathy of the spectators was with them, but the game ended four to nothing in Victoria's favor.

There was not a large attendance, the weather being extremely cold and there being a number of other attractions at the same hour in other parts of the city. The following are the teams that lined up:

Victoria—Goal, Lort; backs, Mason and Scott; half-backs, Mason, Bateman and Bamford; forwards, Lawson, Ford, Hart, Montgomery and Winsby.

Seattle—Goal, T. M. Jones; backs, Coats and Statham; half-backs, Clurhine, Lane and Fraser; forwards, Pope, Peyton, Black, Ellis and Day.

ISLAND LEAGUE TURNS DOWN REGIMENT ENTRY

P. C. L. Players Are Barred From Second Grade Teams.

The Island league met at Nanaimo Saturday night and accepted entries from Victoria United, Esquimalt, Nanaimo and Ladysmith with which the Island league this year will be formed. A fifth entry from the local Fifth Regiment team was offered, but was declined by the league executive on the protest of Nanaimo and Ladysmith that with three teams from Victoria the two up-Island teams would have three traveling trips to the two of Victoria teams and considerably add to their expense. This result is exactly in keeping with that anticipated by the Times in Saturday's issue.

Another matter which will have a bearing locally is the ruling that the intermediate age limit is now done away with. There was, however, a provision adopted that any players who has played in two senior league games other than city leagues will be barred from the intermediate grade. This action makes Stan Okeli, Pettigrew, Sedger, Prevost and Beane, all of Victoria West, senior players and ineligible for places on the intermediate Victoria West team.

Entries for the second and junior divisions were left open until November 28th. Ed Whyte, resigned the secretaryship and his place was filled by T. Hill of Victoria. The next meeting will be at Ladysmith on November 28th when the schedule will be drawn up.

Those present were: Graham and Cruickshanks, Nanaimo; Eno and Connell, Ladysmith; Duncan and Ed Whyte, Victoria.

THE RING.

Paris, Nov. 14.—A vast crowd filled Montmartre on Saturday night on the occasion of the inauguration of a series of international boxing matches. The star attraction was a twenty-round bout between Sam McVey, of California, and Herbert Sinnott, of Australia. The bout went only five rounds, McVey having all the better of it and knocking out his man before the bell rang in the fifth.

Jim Staylor, of England, knocked out Bill Chester, of South Africa, in the third round, and Jimmy Caine, of America, defeated Jimmy Davis, the light-weight champion of France, in ten rounds.

CLARK'S CORNED BEEF

BURNS OFFERED EIGHT WEEKS WITH PANTAGES

Tommy Burns is known always to write an interesting letter, and the latest to hand from the Canadian is on the Burns-Johnson fight which he now announces officially will take place on Boxing Day, December 26th. Tommy's letter talks of a fight on for a northwest theatrical engagement, which, from later news from Vancouver, appears to have been offered him since the letter was written. Edward J. Fisher, contracting agent for Pantages, is credited with the statement in the Vancouver press that Burns has had a contract offered him for an eight weeks' engagement on the northwest circuit under the Pantages management at \$1,000 per week and a percentage. The contract was signed and forwarded to Burns in Sydney, Australia, on Wednesday last, so that if accepted Burns will probably be seen at the local house here some time at the beginning of February next. There is, however, a clause in the agreement that Burns will have to beat Johnson in their bout on December 26th. Burns would lead off at Spokane and play Seattle, Tacoma, Vancouver and Victoria, B. C., and Portland. Then would follow a trip to the Pantages houses in California, at Sacramento, San Jose and Oakland. There is an option for eight more weeks held by Pantages on the fighter.

Burns' latest letter referring to his financial affairs and his fights with Squires, Lang and Johnson in Australia, says:

"I have signed to fight Jack Johnson on Boxing Day, December 26th, the day after Christmas. I am getting my \$6,000, or \$30,000, as I always said I would get. Johnson is getting \$1,000 for his end, win or lose, and an extra \$100 for his end of the moving pictures and transportation for three from London and return. The sporting editor of the Referee is holding the forfeits of myself and Johnson and also the purse money."

"I drew \$13,548 in my first fight with Squires here. That is \$67,715.50 in American money, and it is only a couple of thousand dollars short of the Gans-Nelson Goldfield fight. It will give you an idea of the gates here. Lang and I, ten days after I fought Squires, drew \$4,464, or \$22,315. I only got \$2,000 out of the Squires fight together with transportation from England and return, but I am satisfied, as the promoter is a good fellow to bring Squires and I together for the third time. I have made \$38,000 out of Squires in three fights, together with a few bets, so old Bill doesn't owe me anything."

"I only got \$1,000 out of the Lang fight, but it was like stealing it and I am also satisfied with that. I signed those two contracts before I left England for that amount. I thought at that time that it would be good for Australia, but I must say they are the best sports I ever fought before. I am stuck on this country."

"I am holding out for Jim Jeffries to referee. If we don't agree the promoter picks the referee, but I don't think we will need a referee. I'll make that our think he is in a thunderstorm, that's if it is in me to make it appear that way. I always liked to fight a big man better than a small one. Anyway, we will see what kind of a man or fighter Johnson is."

Is Worth Preparing for Kidney Trouble or Bladder Weakness

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes or dropsy. When signs of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good first-class physician.

There are many of the lesser symptoms of kidney trouble which can be treated at home as stated by a well-known authority. For some of these such as backache, pain in the region of the kidneys, weak bladder, frequency (especially at night), painful urination and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion, one-half ounce; Compound Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy, and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

There is no more effective remedy known to relieve all forms of rheumatism, because it acts directly upon the kidneys and blood. It cleans the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter which if not eliminated, remain in the blood, decompose and settle about the joints and muscular tissues, causing the usual suffering and deformity of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. Take care of your kidneys. It is now the physician's advice to his patients.

MYSTERIOUS TRAGEDY.

Mother and Two Children, With Their Throats Cut, Found Dead in Their Home.

Frankfort, Ky., Nov. 14.—Lying in pools of blood with their throats cut from ear to ear, Mrs. Agnes Lidner, and her two children, aged 5 and 3 years respectively, were found in their home yesterday by neighbors who were attracted by the cries of the children. A razor was found in the clenched hand of the mother. The cause of the tragedy is a mystery.

AMUR BRINGS SPRUCE

FOR BLUE FUNNEL LINE

Passengers Tell of Development of Queen Charlotte Islands.

Steamer Amur carried ten thousand feet of spruce to Vancouver for shipment to the Old Country by the Blue Funnel line. It will probably be taken by the Anti-tachius. Several shipments of lumber are being taken to England by this line. The Amur also brought 500 cases of salmon and some general freight from the North, arriving in Victoria last evening.

The Amur arrived in Vancouver on Saturday, but was kept there owing to the thick fog in the harbor. She had a rather tedious trip, but the weather in the North was very fine. She carried about 100 passengers, including some Indians and Chinese.

Mr. Bryant, who has been inspecting some properties on the coast, in the vicinity of his company, arrived on the steamer. Ikeda and his partner in the Ikeda mines also came down. The report that their mine is being worked all the time and the ore sent to the Tye smelter at Ladysmith. A number of other prospects adjoining the Ikeda claims have been staked, and the owners are trying to sell out or raise money to develop them. In many cases, however, they are asking too much money for their prospects.

Some of the returning passengers tell of the development and prospects in the island. According to them and to the reports of the ship's officers there is likely to be a good deal of work done on Moresby Island during the coming season. Capitalists and mining engineers have been constantly going and coming, and those who are in a position to know say that the prospects are very good. In some parts of the island, especially in the neighborhood of Jellway, mines will soon be working and shipping to the coast.

GLORY OF THE SEAS

TO REMAIN A SHIP

Owners Deny Rumor That She Will Be Transformed Into Barge.

Tacoma, Wash., Nov. 14.—It has been reported among some of the Puget Sound marine men that the old American ship Glory of the Seas is to be cut down to an every day barge, and for the rest of her mariner life towed about from port to port. This rumor is denied by George Merrill, of the Seattle Shipping Company, the vessel's owners, and has caused a sigh of relief to mariners as the vessel is one of the last and finest of the wooden vessels flying the American flag.

Tradition states that the Glory of the Seas broke her builder, D. McKay, of East Boston. It was here the ship was built in 1862 at the tidy cost of \$175,000. All the art of the builder of that time was put in the vessel, and so well was she put up that a recent survey by government officials stated that she was good for another twenty years.

The Glory of the Seas is at present at Seattle, where she brought in coal cargo for Westhouse & Co. from British Columbia. She is in command of Capt. Gillespie, well known at Tacoma as a prince of story tellers. For several years he was first officer of the steamer Centennial, and left the vessel just before the voyage that proved to be her last. Capt. Gillespie's vessel registers 2,102 tons. She is 240 feet in length by 44 feet beam and depth of 35 feet. She is engaged to make four more trips for coal to British Columbia.

FEWER SEA CASUALTIES.

The total number of sea casualties to vessels belonging to the United Kingdom during the year ended June 30th, 1907, was 5,419, which was less by 957 than the average for the previous twenty-two years, with the exception of two. The number of total losses was 248, being lower than in any of the twenty-four preceding years, except four. The number of total losses and serious casualties together was 1,858, less by 214 than the average for the previous twenty-two years, but 58 more than in the preceding year. The total number of lives lost in wrecks and casualties belonging to the United Kingdom during the year was 78 (104 of them passengers). The number of seamen lost was less by 531, and the number of passengers less by 121 than the average for the past twenty-five years. —English Exchange.

On November 21st a fourth order light, flashing white every five seconds, will be put in commission at Patos Island Light station, Wash. On the same date the present fixed red lens lantern light will be discontinued. The new light will be exhibited from a tower attached to the rear of fog signal building.

FATE OFF CAPE HORN

Search for Missing Ships is Unavailing—Toxteth-258 Days Out.

A long and faithful search for possible survivors of several ships which have been lost off Cape Horn during the present year has resulted fruitlessly. A dispatch from Liverpool states that the steamer sent out to look for traces of missing ships has returned without result.

This steamer was dispatched to cruise in the neighborhood of the Falkland Islands and off Cape Horn. She was sent especially to look for the British ships Falklandbank, Carnedd Llewellyn and Toxteth, which have mysteriously disappeared.

The British steamer at Buenos Ayres reports by cable: "An exhaustive search was made but without success." The Falklandbank was outward bound from the United Kingdom for the West Coast, as was the Toxteth, while the Carnedd Llewellyn was homeward bound from Chile on her last passage. The Falklandbank has been missing for many months, but only recently the Carnedd Llewellyn was removed from the overdue list. The Toxteth is still quoted at 258 days out, but will likely be taken off within a short time as she has been officially posted as missing. She was last reported at Port Talbot for Tocopilla, March 2nd, and is therefore 258 days out.

Several months ago a steamer reported having seen strange fires on Tierra del Fuego, and it was thought possible that survivors of Cape Horn wrecks were camping on the barren territory south of the Strait of Magellan. In response to these stories the British government sent out the steamer which has returned after a fruitless cruise.

An unusual number of vessels passing Cape Horn have been lost during the last year. How they met their fate will likely never be known. Two American sailers are included in this number, the barque Adolph Oborg and the ship Arthur Sewell, almost sister vessels of the Eskrine M. Phelps, now in Seattle.

Some time ago the Norwegian barque Ester was removed from the list of overdue as lost. She was many months out from Amsterdam for Macassar, in the East Indies. A late dispatch from London states that the Ester's owners report the vessel arriving. This may lead to complications among those who played the vessel.

The Chinese junk, Whang Ho, which was recently on this coast, and now out 137 days from Papeete for Galveston, is up for reinsurance at 25 per cent. The British ship Celtic Chief, from Port Talbot for Talait, has arrived. She made port damaged, however, having lost a boat and sustained sundry damage about the deck in a heavy gale. It will cost \$2,500 to repair. The vessel loaded wheat on the Sound a year ago.

British ship Thorabank, 128 days out from Caleta Buena for Bilbao, is still posted, although it is rumored she has arrived. This vessel is known in these waters, having been here two years ago. The British ship Ben Dearg, with lumber from Port Townsend for Delagoa bay, is still unreported, and on the board at 8 per cent. She is 142 days out. Another known here is the British ship Austrasia, 116 days from Pisagua for Falmouth, 8 per cent.

DISTRIBUTOR HERE.

Grand Trunk River Steamer Down For Winter.

Capt. Johnson, of the Grand Trunk river steamer Distributor, is down with his boat for the winter. He has been operating on the Skeena river during the past summer, carrying supplies for the railway construction. He left the Skeena on Monday last and made a good trip south.

During the month of October Ernest Gordon and A. Cox, of Victoria, with another man, effected a plucky rescue of a laborer who fell overboard. The man was intoxicated, the night was dark and a strong wind was blowing. When he fell overboard he was carried quickly down the river by a strong ebb tide. A boat was put off and nearly a mile down the river the man was recovered.

WHITE SEAL HUNTERS:

UNDER JAPANESE FLAG

Inducements Offered Local Hunters to Sail With Captain Voss to Behring Sea.

Following the news that Capt. Voss has gone to Japan to outfit a sealer for the next season in Behring Sea, comes the news that he is trying to get a white crew from this port to go over and serve under the Japanese flag. Financially this will probably prove to be a good move on the captain's part. The Japanese have the privilege of hunting within a radius of three miles of the breeding grounds of the seals and also are allowed to use firearms instead of spears. The Canadians on the other hand are not allowed to hunt within a radius of sixty miles of the islands. In spite of the Canadian bounty, the Canadian boats have hitherto managed to secure as many seals as the Japs, largely because of their superior skill in hunting. If they were allowed to get within the charmed circle and hunt on an equality with the Japanese, it is thought that the little brown men would be knocked out of business altogether. It will be interesting to follow the movements of Capt. Voss during the next season's hunt.

FUKUI MARU WILL

REPAIR AT ESQUIMALT

Japanese Steamer Expected to Arrive From Vancouver To-night.

Steamer Fukui Maru is to be repaired at Esquimalt. She is expected to arrive here this evening and will go into drydock to-morrow morning. Just what work it is necessary to have done will not be known until the plates have been uncovered. It was thought at first that all the damage done by the Prince Royal was above water, but this it seems was not the case. The work is to be done by the B. C. Marine Railway Company.

MARINE NOTES

Steamer Amur will leave for the North this evening and will make an extra call at the Queen Charlotte Islands. It was intended to change her schedule this week, and henceforth to have her call only once a month during the winter months. There are still a number of people who wish to leave the islands, and also a few who expected to go up. For this reason she is making the extra trip. There will be a new schedule arranged within a few days for the northern trade.

Steamer Leebro arrived yesterday from Vancouver, bringing over a number of new gas buoys for the marine and fisheries department. She will leave to-night for Pachena, Banfield and Estevan with supplies for those stations.

A cable from Yokohama advises the sailing of the steamship Tango Maru from that port on the 11th inst., with 100 passengers, and 144 tons-measurement freight, for discharge at this port. She is due to arrive November 27th.

The ship Dition, which is being repaired at Rulien's shipyards at Esquimalt, will be ready to leave for Chemainus in about a week. She will load lumber at that port for Lorenzo Marquez.

Steamer Princess Royal is expected to come off the ways at Esquimalt and will be ready to take her old place on the Vancouver-Seattle route within a few days.

Steamer Governor will sail to-morrow night for San Francisco.

TELLS ECZEMA SUFFERERS OF A SIMPLE REMEDY SHE FOUND IN THE STATES.

She writes: "I have used the D. D. D. Prescription and have found it very valuable. Every other remedy that I have tried would help for a while, but D. D. D. is the only thing that effects a cure. I never hesitate to recommend D. D. D. to any one who is suffering from any kind of skin disease. Besides the wonderful good it has done me, it has cured a friend of mine who suffered untold agony before using it, and whom doctors could not help. I hope you will lose no time in getting it before the Canadian public."

D. D. D. Prescription is a pure mild compound, containing Oil of Wintergreen. It is applied direct to the itching skin, gets at the seat of the trouble and kills the disease germ. Don't dose the stomach with drugs and medicines—the itch is in the skin and must be treated locally. Doctor, the itch where the itch is.

INSTANT RELIEF—That is what D. D. D. will do. Just put a few drops on the skin and at once the itch stops, the skin is cooled and refreshed, the eruption gradually disappears, the skin made white and soft—the disease cured.

TRIAL BOTTLE FREE. If you have never tried D. D. D. Prescription write us to-day, enclosing only 10c to help pay postage and packing, and we will send you free a trial bottle of this wonderful remedy. Let us prove its merits to you—SEND RIGHT NOW FOR THE FREE TRIAL BOTTLE.

CHINATOWN MOURNS

DEATH OF EMPEROR

Business is Suspended Out of Respect to Departed Ruler.

The Chinese colony in Victoria is in mourning for their late Emperor, Kwang-Su. The hope of the Chinese reformers was in their young Emperor, who was known to be favorable to reform measures. The difficulty was always that the Emperor was under control of the Empress Dowager. The Chinese people have great reverence for age. The young people of the household are expected to reverence and obey those who are older than themselves. This accounts to a great extent for the attitude of Emperor Kwang-Su in submitting to the dictates of the Dowager Empress even though nominally he held power.

In order to show their regard for the late Emperor the Chinese of this city are in mourning. Every door has a white cloth hanging from the knockers, white being the Chinese mourning color, and the rooms of the Chinese Reform Association and the Chinese Benevolent Association, were draped with white cloth both inside and out. On some of the doors notices are posted, stating that the shop will not open until Wednesday. The following are one or two samples of what may be read: "This store closed until Wednesday morning on mourning of the demise of His Imperial Majesty Emperor of Kwang-Su." Another reads: "Mourning for His Most Gracious Majesty Emperor of China, Kwang-Su. Will open Wednesday Morning," and again a third reads: "This store will be closed on mourning of Imperial His Majesty Emperor of China, Kwang-Su."

As soon as word was officially received yesterday the Chinese Reform Association telegraphed to the Imperial Council at Peking expressing their sorrow at the sad news.

Up to noon this morning there was no official news received by the Chinese of the death of the Empress Dowager and they expressed much surprise at the news when it was told them by a reporter.

Steamer City of Nanaimo is lying at the Belleville street dock and will leave for Comox via Nanaimo early to-morrow morning.

Steamer President, from San Francisco, is expected to arrive this evening, bringing 65 tons of freight for this port.

THE HOUSE OF QUALITY.

A beautiful assortment of the newest shades of leather and fancy leathers, has just been placed in stock. Although the quality of these goods is of the best, the prices are very reasonable, ranging from \$1.50 to \$20.00.

Upon reaching his hotel here he discovered that his valise had been tampered with and a wallet containing his identification papers, warrants and about \$175 in currency had been stolen. Sergt. Jones is convinced that the theft of his papers and money was the work of members of the gang of horse and cattle thieves he is now running down.

CITY COUNCIL WILL HOLD AN INQUIRY

Chinese Wash House is Complain of—Other Business to Come Up

The city council will to-night conduct a sworn inquiry into the sanitary condition of the Chinese washhouse on Store street, next to the E. & N. station, which is complained of as being in a very unsanitary condition. This inquiry is a necessary preliminary to the condemnation of any premises which are considered to be in an unfit condition, and gives the owner an opportunity to be heard.

It was understood that the premises at the corner of Port street and Quadra streets, complained of frequently by William Neal, would also form a subject for inquiry, but it is likely that the inquiry will not touch them as the sanitary inspector reports that they have been improved and no sanitary fault can be found with them now. Whether they constitute a nuisance within the meaning of the washhouse by-law, in being less than forty feet from the street line, opens up a wide question and affects probably the majority of laundries in the city, white and Chinese.

At the council meeting the mayor will recommend the varying of several appropriations of money which will not be needed for the purposes for which they were voted. This will make available for road work and street cleaning quite a sum of money and will relieve the financial situation in that department very considerably.

Property owners on Pemberton road having again changed their mind as to the permanent improvements they want the resolution passed a couple of weeks ago, ordering the work will be reconsidered to-night. The owners now desire that a permanent sidewalk be constructed on both sides of the thoroughfare throughout its entire length, instead of only part way on one side.

A resolution will be presented by Ald. Henderson providing for the laying out and maintaining of boulevards on both sides of John street, between Government street and Pleasant street, with curbs and gutters.

EE A MOTHER'S EE
HAPPY THOUGHT.

A lady writing from Ireland says: "I went to see my sister's baby, who was very ill indeed. She had been up for nights with him without undressing; he was crying all the time as with some internal pain. The doctor told her he could do nothing except put him in a warm bath, which gave him a little ease for the time being. I thought of STEEDMAN'S SOOTHING POWDERS, which I used for my own children; and next day I sent some to my sister, when she gave the child half a powder according to directions. For the first time for a fortnight she and the baby, and, in fact, all the household, had a good night's sleep, and the little fellow has continued to improve ever since."

These powders do not contain poison, nor are they a narcotic; but they act gently on the bowels, thus relieving feverish heat and preventing fits, convulsions, etc.

Please notice that the name STEEDMAN is always spelled with EE.

Working Out Details of Biggest Deal in Fertilizer Trade.

New York, Nov. 16.—It is reported that the biggest deal in the history of the fertilizer trade is being arranged, and it is expected that an official announcement will be made shortly by the banking houses which are working out the details. The new company, which will be capitalized at \$75,000,000, will take over the fertilizer business of the Armour and Swift packing companies. The Armour company has two large plants in Baltimore, while Swift's works are located in Wilmington, Del. and Atlanta, Ga. It is understood that as soon as the promoters coral the larger independent fertilizer manufacturers they will enter into negotiations with the small concerns, either to buy them outright or induce them to join the new combination on mutually satisfactory terms.

ROCKEFELLER TO GO

ON WITNESS STAND

Oil King Will Tell of Doings of "His Gigantic Corporation."

New York, Nov. 16.—John D. Rockefeller is expected to go on the witness stand when the hearing in the government's suit to dissolve the Standard Oil Company is resumed this week and tell the story of that gigantic corporation. Mr. Rockefeller will be a willing witness, and for some time he has been desirous of clearing up certain matters concerning the company. Company it was stated that the company will subpoena Mr. Rockefeller, and John D. Archbold, vice-president, and J. A. Moffet, a director of the Standard Oil Company, as witnesses for the company. It is expected that Mr. Rockefeller will follow Mr. Rockefeller on the witness stand.

The British Columbia Refining Co., Ltd.

Incorporated under the laws of the Province of British Columbia.

Head Offices, 428 Richards Street, Vancouver, B. C.

The Company is now offering for public subscription 50,000 8 per cent. cumulative preferred stock of \$1.00 each and 50,000 ordinary shares of \$1.00 each.

Payable 10 per cent. on application, 15 per cent. on allotment, and the balance in eight calls of not more than 10 per cent. at intervals of not less than a month.

The 8 per cent. cumulative preferred shares will receive an annual dividend of 8 per cent., commencing June, 1909, payable out of the net profits of the company before any dividends are paid on the ordinary shares.

OBJECTS OF THE COMPANY.

The company has been formed for the purpose of refining crude oil and manufacturing asphaltum, lubricating oils of all kinds, distillates and greases.

No industry offers such a sound and profitable investment. With a certain supply of crude oil and a ready market for the output of 6,000 barrels monthly, it is estimated that a dividend of over 60 per cent. per annum will be paid to the shareholders.

ESTIMATED PROFITS.

The estimated cost of operation per barrel of crude oil (42 U. S. gallons) is as follows:
Cost of crude oil at tidewater, Vancouver.....\$1.45
Cost of refining and manufacture......56

Per barrel.....\$2.01

The estimated value of the products of a barrel of crude oil, in bulk at refinery, is as follows:

45 per cent. Asphalt at \$17.50 per ton, 2,090 lbs.....\$1.225
15 per cent. Skid Oil at 9 cents per gallon......567
5 per cent. Gas Distillate at \$2 per barrel......10
10 per cent. Neutral Oil at 15c per gallon......63
20 per cent. Pale Red Oil at 15c per gallon.....1.512

.....\$4.034

Giving a profit of \$12.14 per month, or \$145,728 per annum, which, after deducting \$8,000 per annum for the dividend on the Preferred Shares and allowing \$30,000 per annum for depreciation, etc., leaves a balance of \$107,728 (or over 60 per cent. per annum) for distribution on the ordinary shares.

From an investment viewpoint Oil Stock cannot be equalled.

DR. FLETCHER DIED AFTER BRIEF ILLNESS

Was One of Founders of Dominion Experimental Farms.

James W. Fletcher, F.R.S.C., F.L.S., LL.D., whose death at Montreal was announced last week, was one of the founders of Dominion experimental farms. Dr. Fletcher was in this province at the end of September last, when he complained of not feeling well, and shortly after his return to Ottawa he became much worse. He was taken to the Royal Victoria hospital at Montreal about the first of November, where an operation was performed on Saturday, the 7th, but in his weakened condition he sank and died the following day.

Dr. Fletcher was of English parentage, being born near the town of Wrotham, Kent, on March 28, 1852. After receiving a good education at King's School, Rochester, he entered the service of the Bank of British North America, coming to Canada in their interests in 1874. His term with the banking house was but short, and two years after entering the country he joined the staff of the parliamentary library. During the following years, his knowledge of things entomological was extended until his appointment as honorary Dominion entomologist to the Department of Agriculture was announced in 1884, which position he held until transferred to the experimental farm at Ottawa, as entomologist and botanist. This came three years later.

Dr. Fletcher was a delegate to the annual meetings of the American Association for the Advancement of Science, had filled the offices of honorary secretary and honorary treasurer of the Royal Society of Canada, and was a fellow of that body. He was also a fellow of the Linnaean Society of London, being elected in 1886, and received the honorary degree of LL.D. from Queen's University in 1896. He was the author of a large number of reports and papers concerning many branches of scientific investigation in the Dominion, especially as regards its insect life, and was most painstaking and accurate in his scientific research.

In 1876 he married the eldest daughter of Mr. Collingwood Schreiber, of Ottawa, and is survived by his widow and two daughters, Mrs. S. A. Kelly, of Nelson, B. C., and Miss Dorothy Fletcher. A brother, Mr. Frank Fletcher, in England, and four sisters, one in India, and the others in England, also live.

The death of Dr. Fletcher removes one of the most brilliant of men and is an irreparable loss to Canada and the scientific world in general.

DR. GARESCHE APPEAL MUST STAND OVER

It May Come Up Next Monday if Judge is Available.

The appeal of Dr. Garesche against the action of the College of Dental Surgeons of British Columbia in striking him off the roll was fixed for hearing to-day. As it happened Chief Justice Hunter had been called to leave the sitting of the full court to come over to hold a chambers sitting and the matter was mentioned before him.

A. E. McPhillips, K. C., for Dr. Garesche, pressed for an early disposition of the appeal and pointed out that during all this time his client was off the register and disabled from practice.

H. D. Helmcken, K. C., for the college, said his instructions were to ask for an early date to be fixed for the hearing. He suggested that the appeal be transferred to Vancouver.

Mr. McPhillips did not see why his client should be asked to go to the expense of a hearing in Vancouver.

"Simply because there is no one to hear it here," replied his lordship. "If you succeed you will get your costs. It is a matter of some consequence but I do not see any likelihood of there being a judge here for two weeks at least."

It was decided to let the matter stand for a week on the chance of a judge being here next Monday; the understanding being that if there was one in attendance the appeal would be heard.

ANGLICAN SYNOD MEETS THIS WEEK

Bishop Perrin Will Deliver His Charge This Evening.

The Anglican Synod will open this evening at 8 o'clock in Christ Church cathedral. After evening service Bishop Perrin will deliver his charge when it is hoped there will be a large attendance, not only of the delegates of the synod but of all who take an interest in church work.

To-morrow the regular sittings of the synod will be held. The synod will hold its meeting in the Cathedral schoolroom, and those interested in the work of the church are cordially invited to attend. On Wednesday evening a missionary meeting will be held, to be addressed by Rev. C. C. Owen, of Vancouver. Rev. J. Grundy will give an account of the new diocese of Honan in China, provision for which is to be made by the missionary society of the Canadian church, and H. O. Litchfield will speak of the Laymen's Missionary Movement at this gathering.

The programme for the synod is as follows:
Tuesday.
8 a. m.—Holy communion at the Cathedral.
10 a. m.—First session of the synod.
1 p. m.—Luncheon.
2:30 p. m.—Second session of the synod.
8 p. m.—Third session of the synod.
Wednesday.
9:30 a. m.—Matins at the Cathedral.
10 a. m.—Fourth session of the synod.
1 p. m.—Luncheon.
2:30 p. m.—Fifth session of the synod.
8 p. m.—Missionary meeting.

Does Your Heart Flutter?

Short Breath. Easily Fatigued. Rush of Blood.

It's in This Condition That Sudden and Unexpected Death Happens.

The heart is an unfailing index of strength. Bodily vigor and a strong heart go hand in hand. A slight fluttering and shortness of breath is a sign of failing strength, arising from weakened digestive power, or from weakness of the nervous system. The organic and dangerous affections of the heart seldom manifest themselves until the climax is reached, when death usually supervenes. Even a small variation in strength renders the heart susceptible on the emotional side, and a little fright, anxiety or haste will set it going at a frightful rate. You ought to know that when your heart flutters easily, when your breath comes in gasps, when you tire quickly upon exertion, and rest does not recuperate, you have allowed yourself to run down.

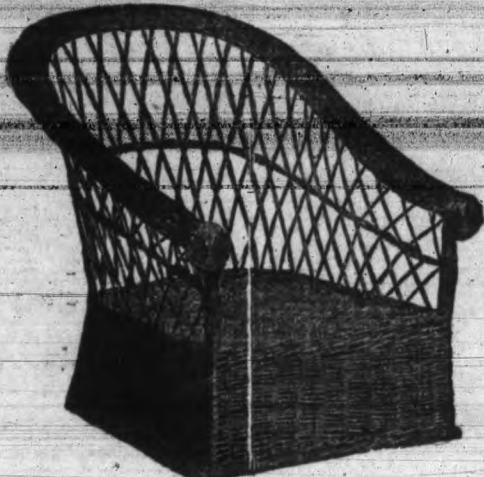

It is under these conditions that Ferrozone acts like magic in its strength-giving power. Tens of thousands of Canadians can testify to the marvelous curative power of Ferrozone. When it's remembered that Ferrozone has the power of making rich, red blood, of giving tone to the system, of vitalizing all the functional powers of the body, it will be easily seen in cases such as yours, in which these fluttering sensations are present, Ferrozone will speedily restore you to health. Ferrozone makes you strong because it enables you to digest your food, because it makes rich, red blood—because it tones, strengthens, reinforces the whole system. "I was so overcome with heart fluttering and acute indigestion I could scarcely walk upstairs without panting and catching for my breath," writes E. K. Young, a well-known merchant in Augusta. "After using one box of Ferrozone I improved, and after two months I was cured and am sound and healthy as ever to-day."

The best proof of Ferrozone's merit is the enormous good it will do you in your own case; try it, 50c. per box, or six boxes for \$2.50, at all dealers.

FRENCH HISTORIAN DEAD.

Paris, Nov. 15.—The death is announced of Achille Luchaire, the French historian and member of the Academy. He was born in 1846.

BUFF WILLOW ENGLISH EASY CHAIRS

BIG, ROOMY, CONFY EASY CHAIRS

WE HAVE NEVER SEEN a chair style that has had such a run of popularity as has this English Buff Willow Chair. Each year it has grown in popular favor and the sales have shown wonderful gains. Well, it isn't to be wondered at, because it really is an easy chair.

Low, large, roomy—just the sort you like to slide into before a great big open fireplace, and rest from the worries and work of the day just ended. When upholstered it is an ideal chair. We have a fine range of these chairs now and also show several styles upholstered. We have upholstered these in our own factory and they are now on display on fourth floor. You may, however, choose a chair and choose coverings to match other furnishings and have the work done to your order in our factory. At least you must come in and see these chairs and "try" them. Fourth floor—elevator.

EMPRESS EMPLOYEES PLAN FOR BIG EVENT

Ball, Minstrel Show and Christmas Tree to Be Features.

Christmas Eve will be one big night of entertainment and enjoyment at the Empress hotel, when all the employees of the house will hold a grand carnival, including Christmas tree, minstrel troupe entertainment and a ball. The whole of the rotunda, the palm room and the dining room will be used by the merry-makers, and a committee of management has been formed for the purposes of attending to the many details that surround the event.

A meeting attended by over one hundred employees was held Saturday night in the grill room and the committee of management selected. The plans outlined were extensive, and it was decided to invite as

many friends of those taking part in the affair and other guests as the wide spaces of the hotel rooms can accommodate. The guests are expected to number several hundred, for whom supper on an elaborate scale will be provided by the staff. The three entertainments will be given in the rotunda, the palm room and the dining room respectively. The event will commence at an early hour, but so far no closing hour has been announced. Saturday night's meeting was enthusiastic and selected a strong committee for the purpose of outlining the details of the proposed plan. Those named were: Chairman, E. M. Humble (manager), and Messrs. Jackson (secretary-treasurer), Lucas, W. B. Burdick, F. Lenz, A. N. Menard, Custonbader and Miss Clark. It was decided to do away with the fancy dress ball as first proposed and substitute in its place plain evening dress. The gathering will be made distinctive by the decorations proposed, which will be elaborate, especially in regard to the scheme of electric lighting, which is to be carried out with every color in the rainbow in evidence throughout the rooms to be used in numberless tiny lights which will be especially secured.
